

Specialist Teaching Assistant

Candidate Briefing Pack

Dear Candidate

Thank you for your interest in becoming our new Specialist Teaching Assistant at The Children's Trust.

The Children's Trust is the UK's leading charity for children with brain injury. We are unique, with an international reputation for the work we undertake to improve the lives of the children and families with whom we work. We provide information and support to thousands of children with brain injury and their families annually, through education, care, therapy and research. We provide expertise and experience in meeting the needs of children and young people with acquired brain injury, neuro-disabilities and complex health needs.

As a Specialist Teaching Assistant, you will be reporting to the class teacher.

Your role will be:

- To support an integrated and holistic approach to education, health and care.
- To work under the direct supervision of an allocated teacher
- To support access to learning and provide general support to the teacher in the management of pupils in learning opportunities.
- To assist the teacher in providing relevant support for pupils with severe learning difficulties (SLD), profound and multiple learning difficulties (PMLD) and complex therapeutic, medical and health needs.

You will be a natural and enthusiastic leader able to provide challenge and support to a high performing team.

This is a chance for an outstanding candidate to make a significant and lasting difference to the lives of thousands of children and families.

Kind regards

Headteacher

The Charity

The Children's Trust is the UK's leading charity for children with brain injury and neurodisability.

The charity provides rehabilitation, medical care, special education, community services and expert information.

Our key services are:

- Rehabilitation for children with Acquired Brain Injury (ABI)
- A non-maintained special school, with associated residential houses for children with complex education, health, therapy and care needs
- Support for children with ABI and their families in the communities across the UK, through our Brain Injury Community Services.
- Online information and support via our publications and braininjuryhub.co.uk

Our residential services based at our national specialist centre in Tadworth, Surrey, work in partnership with the NHS and local authorities to provide a step-down pathway of care between hospital and home. The centre is entirely child and family focused to ensure that their needs are appropriately supported.

In the community, we provide clinical support to complement local services and give children and young people with ABI the best chance of succeeding at home and in school.

We are the only paediatric centre with a national specialised commissioning contract (through NHS England) to provide brain injury rehabilitation for children with severe brain injury. Our other services are funded through local health commissioners (such as clinical commissioning groups), social care and education authorities, together with the millions raised through voluntary fundraising.

Thanks to the generosity of The Children's Trust's supporters, our 24-acre Tadworth site features a modern hydrotherapy pool, accommodation for parents, specially adapted equipment, soft play areas.

We run a non-maintained special school for children with complex education, health, therapy and care needs with associated residential houses. The Children's Trust School supports children and young people from 2 - 19 years old and is dual-registered with the Care Quality Commission (the school residential houses) and Ofsted Education.

The Children's Trust is a charitable organisation with approximately 750 committed staff and over 1,000 volunteers with a range of expertise across nursing and care, education, therapy, operations and centralised support functions such as finance, HR, fundraising and communications. A number of these staff are based off site around the UK in our charity shops.

The Children's Trust School

Children's Trust School our aim is to provide **high quality education** and **expertise** to meet each pupil's **individual special needs** and to **celebrate** all achievements in a happy environment.

As a non-maintained special school, we pride ourselves on seeing each individual as a **'whole'** and delivering **integrated, holistic education**, therapy and care for pupils with profound and multiple learning difficulties. We provide education for **day** and **residential** pupils aged 2-19 years old. For children with disabilities aged 0-5 years we also offer **'Taddies'**, a weekly **parent** and **child** group that offers **support** and planned opportunities to learn through sensory **play** and **fun!**

We offer **individualised learning opportunities** relevant to each pupil to support the development of their **communication**, language and literacy skills, their cognitive development, **physical skills**, **environmental control** and **social, emotional and personal well-being**. We focus on developing pre-intentional learning to intentional and formal stages with an aim of supporting pupils to develop a **sense of agency** and understanding of the world around them.

Our services include **play therapy**, **music therapy**, **physiotherapy**, **occupational therapy**, **speech and language therapy**, **paediatric nursing** and access to **health services** including **GPs**, **consultants** and **clinics** such as orthotics. We aim to provide the best educational opportunities and unparalleled expertise in order to deliver significant outcomes.

Our Promises

Our Promises capture our strengths and aspirations. They guide the way we act, interact and come together to achieve our goals. The journey we took to reach our Promises has been an important one. A highly collaborative and iterative process that has seen each word shaped by our people – our volunteers, employees, partners, trustees, and suppliers. Perhaps most importantly, at the core of this process are our children, young people, and their families. This journey has given us a critical opportunity to give children and young people a voice. As a result, our Promises have been genuinely enriched by them. That's because how we work and carry out our role is as important as what we do, and that's why as part of The Children's Trust, we all need to live by our five Promises.
