About Us

Uplift supports efforts to create a rapid and fair transition away from oil and gas production in the UK.

We urgently need to phase out oil and gas drilling to stay within safe climate limits. Yet, despite having renewable resources in abundance, the UK remains Europe's second largest oil and gas producer.

We can and must be ambitious about moving past oil and gas production, while empowering and supporting workers and communities who rely on the industry for their livelihoods.

Working with everyone from policy-makers and parliamentarians, to academics and campaigners, Uplift undertakes research, analysis and campaigning to support a rapid and fair transition away from oil and gas production in the UK.

The Role

As one of Uplift's Political Advisers, you will play a central role in building political support for a fair transition away from oil and gas extraction in the UK. Your role will sit within Uplift's Politics Team, and will involve working closely within political networks across Westminster and Holyrood. You will be a skilled communicator able to support the implementation of Uplift's political strategy, and use your initiative and political instincts to further the political debate on phasing out fossil fuels and securing a fair transition for workers and communities.

Core responsibilities will include:

- Strategic delivery
 - Support the implementation of Uplift's public affairs strategy by applying political judgment to ensure engagement remains agile and aligned with organizational goals.
- Persuasive communication
 - Draft compelling briefings and media content tailored for specific political audiences and press outlets.
- Political Monitoring
 - Analyse legislative processes and political debates to identify risks and opportunities for influence, ensuring insights are shared internally.
- Stakeholder Networking
 - Build and maintain relationships across Westminster and Holyrood by attending events and proactively engaging with key decision-makers.
- Event Coordination
 - Support the delivery of parliamentary events, party conference activities, and the running of the Climate APPG.
