Dear Candidate

Thank you for your interest in becoming a Housekeeping Assistant Weekends at The Children's Trust.

The Children's Trust is the UK's leading charity for children with brain injury. We are unique, with an international reputation for the work we undertake to improve the lives of the children and families with whom we work.

We provide information and support to thousands of children with brain injury and their families annually, through education, care, therapy and research. We provide expertise and experience in meeting the needs of children and young people with acquired brain injury, neuro-disabilities and complex health needs.

As a Housekeeping Assistant, you will report to the Housekeeping Supervisor. Your role will be to provide a high standard of housekeeping ensuring excellent levels of cleanliness are consistent throughout the site and that infection control procedures are met across site.

This is a chance for an outstanding candidate to make a significant and lasting difference to the lives of thousands of children and families.

Kind regards

Mariana Sotir
Housekeeping Manager

The Charity

The Children's Trust is the UK's leading charity for children with brain injury and neurodisability.

The charity provides rehabilitation, medical care, special education, community services and expert information.

Our key services are:

- Rehabilitation for children with Acquired Brain Injury (ABI)
- A non-maintained special school, with associated residential houses for children with complex education, health, therapy and care needs
- Online information and support via our Bumps Happen hub and publications.

Our residential services based at our national specialist centre in Tadworth, Surrey, work in partnership with the NHS and local authorities to provide a step-down pathway of care between hospital and home. The centre is entirely child and family focused to ensure that their needs are appropriately supported.

In the community, we provide clinical support to complement local services and give children and young people with ABI the best chance of succeeding at home and in school.

We are the only paediatric centre with a national specialised commissioning contract (through NHS England) to provide brain injury rehabilitation for children with severe brain injury. Our other services are funded through local health commissioners (such as clinical commissioning groups), social care and education authorities, together with the millions raised through voluntary fundraising.

Thanks to the generosity of The Children's Trust's supporters, our 24 acre Tadworth site features a modern hydrotherapy pool, accommodation for parents, specially adapted equipment, a nature trail and soft play areas.

We run a non-maintained special school for children with complex education, health, therapy and care needs with associated residential houses. The Children's Trust School supports children and young people from 2 - 19 years old and is dual-registered with the Care Quality Commission (the school residential houses) and Ofsted Education.

The Children's Trust is a charitable organisation with approximately 500 committed staff
and over 1,000 volunteers with a range of expertise across nursing and care, education,
therapy, retail, operations and centralised support functions such as finance, HR, fundraising and communications.

Our Strategy: achieving our goals together

The Children's Trust exists to support children and young people with brain injury and neurodisability so they can live the best life possible.

Every year, 40,000 children across the UK experience a brain injury and about 350 sustain a severe brain injury, many with devastating consequences. Some children lose the ability to walk, talk, learn or communicate. Their lives – and the lives of their families – are turned upside down. Their chances to thrive in childhood and beyond are put at risk.

Our 2025–2030 strategy sets out how we will respond to the growing and urgent need for specialist neurorehabilitation for children and young people, deepen our impact and reach more families across the UK.

At the core of our strategy is a bold ambition: to be the UK's leading provider of paediatric neurorehabilitation, transforming outcomes through expertise, compassion and innovation.

Children, young people and families are central to everything we do. This strategy focuses on what matters most to them – their goals, potential and quality of life – while working in partnership with the wider health, education and social care system to create lasting change.

Over the next five years, we will expand and strengthen our services, invest in life-changing neurotechnology, future-proof our outstanding school, and build a sustainable organisation that can help more children, sooner.

By 2030, we want to look back with pride at how far we have come. We want to see how many more children and families we have helped to achieve their goals, whether that's future career aspirations, learning to walk again, being able to speak, or playing with siblings.

"This strategy reflects both the scale of the challenge we face and the strength of our ambition. Demand for specialist neurorehabilitation is growing, and our responsibility is clear: to build on our decades of expertise, invest in innovation and work in partnership across the system to help more children achieve the best possible outcomes, now and in the future."

Mike Thiedke, Chief Executive, The Children's Trust

Our strategic goals to 2030

Our Goals:

- Goal 1 Delivering safe, effective and high-quality services
- Goal 2 Enhancing and expanding our neurorehabilitation services
- Goal 3 Future-proofing our education offer
- Goal 4 Investing in our people
- Goal 5 Strengthening our finances

Equity, Diversity & Inclusion

The Children's Trust is committed to achieving equity, diversity and inclusion (EDI) across all levels of the organisation. For further information, see: https://www.thechildrenstrust.org.uk/about/statement-equity-diversity-Inclusion
To help us achieve our ambition to give children and young people with brain injury and neurodisability the opportunity to live the best life possible, we want to accurately reflect the UK's diverse population. We want equity, diversity and inclusion to be at the heart of everything we do, and our people, services and culture to reflect the diverse needs of all. Through our diversity and inclusion strategy, we have made a commitment to increase the diversity of our charity and create an inclusive culture. We have networks across the organisation working to ensure that these aims are met - including an LGBTQIA2S+ group, Ethnic Diversity Group, and Spark – our broad EDI group. We welcome applications from all who share our ambition regardless of background. We will strive to ensure that any reasonable adjustments are made in respect of interview and working arrangements.

Our Promises

Our Promises capture our strengths and aspirations. They guide the way we act, interact and come together to achieve our goals. The journey we took to reach our Promises has been an important one. A highly collaborative and iterative process that has seen each word shaped by our people – our volunteers, employees, partners, trustees, and suppliers. Perhaps most importantly, at the core of this process are our children, young people, and their families. This journey has given us a critical opportunity to give children and young people a voice. As a result, our Promises have been genuinely enriched by them. That's because how we work and carry out our role is as important as what we do, and that's why as part of The Children's Trust, we all need to live by our five Promises.
