About IRMO

For over 40 years, IRMO has been led by and for the Latin American community, building deep ties and trust across the UK as we fight for a future where everyone can access their rights, live free from poverty and discrimination, and pursue their aspirations without barriers.

Everything we do, from front-line services to advocacy, aims to enable the development, agency and participation of all Latin Americans and Spanish and Portuguese-speaking migrants, including asylum seekers and refugees, as they settle and build their lives in the UK.

To address the daily discrimination and intersectional challenges that our communities face, we provide wrap-around support tailored to the unique needs of individuals and families, including high-quality advice and casework and development opportunities for all ages.

All of our services are culturally sensitive, delivered in Spanish and Portuguese, and are directly informed by the lived experiences of those we serve. We also advocate for long-term social and systemic change through advocacy, independent research and effective partnerships. Learn more at www.irmo.org.uk.
