

## Welcome

Welcome to RUHX, the official NHS charity of The Royal United Hospitals Bath NHS Foundation Trust. Our purpose is rooted in our commitment to our people and exceptional health care for everyone in our community.

Since 1999, our unwavering commitment to excellence has extended beyond NHS budgets, supporting the RUH and community healthcare. We have gone further to give every patient the extra extraordinary care they deserve, while supporting our staff to do what they do best and furthering innovation within our hospitals. We're out there in our community, collaborating with the people and organisations who drive real change. And we're making sure that every penny we raise goes towards improving health, happiness, and wellbeing for everyone in our community.

RUHX has held a steadfast position as the charity of choice in the South West for over 25 years. Our track record speaks volumes, evidenced by £10m raised for the [Dyson Cancer Centre](#), which opened in April 2024, the introduction of Robotic Surgery in 2023 following a £2.3m campaign, the opening of the RNHRD Brownsword Therapies Centre in 2019, and many other projects. We have numerous other initiatives on the horizon—this is an exciting time to join the team.

Having laid the groundwork and established relationships with influential philanthropists, many of whom proudly advocate for the RUH and its future, we are now at a crucial juncture. It's an opportune time to expand our network and invite new donors to join us in tackling the most critical challenges facing the NHS and the RUH today.

We are looking for an individual ready to make a transformative difference in healthcare who can play a vital part in leading a team in achieving our ambitious yet achievable targets. This is a unique opportunity to become our first Head of Development, where you can make a significant impact at RUHX and advance your career.

If you're values-led, driven to make a meaningful contribution, embrace new challenges, and thrive by leading an ambitious and fun team, then this opportunity is tailor-made for you.

Thank you and best wishes

**Rhyannon Boyd**  
Head of RUHX
