

Welcome

Welcome to RUHX, the official NHS charity of The Royal United Hospitals Bath NHS Foundation Trust. Our purpose is rooted in our commitment to our people and providing exceptional healthcare for everyone in our community. As a charity, we are big enough to make an impact but also small enough to care.

Since 1999, we've had an unwavering commitment to bringing together the power of our community to go far beyond what the NHS can provide on its own. We go further to give every patient the extra extraordinary care they deserve, while supporting our staff to do what they do best and driving innovation within our hospitals. We're out there in our community, collaborating with the people and organisations who drive real change. And we're making sure that every penny we raise goes towards improving health, happiness, and well-being for everyone in our community.

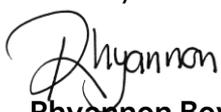

Our track record speaks volumes, demonstrated by raising £10m for the Dyson Cancer Centre, which opened in April 2024, launching Robotic Surgery in 2023 after a £2.3m campaign, securing over £1m for the Breast Unit expansion in 2022, and many other projects. We have numerous initiatives coming up, making this an exciting time to join the team.

Having strong foundations and established relationships within our community, many of whom proudly advocate for the RUH and its future, we are now at a vital juncture. It is an ideal moment to broaden our network and invite new donors and volunteers to join us in addressing the most critical challenges facing the NHS and the RUH today.

We are looking for someone who can make a transformative difference in healthcare and play a vital role in achieving our ambitious yet realistic goals. This is an opportunity for you to leave your mark at RUHX and develop your career, all while being part of a supportive team. Your well-being matters to us because we understand that an inclusive, happy, and healthy team is essential for successful growth. All staff have access to Fundraising Everywhere, 3SG and NHS Charities Together for their charity training and personal development.

If you're values-led, driven to make a meaningful contribution, embrace new challenges, and thrive by being part of an ambitious and fun team, then this opportunity is tailor-made for you.

Thank you and best wishes

Rhyannon Boyd

Associate Director RUHX
