Key dates & interview process

Interviews will be on the 19 December between 9am and 6pm, in person in Batley. You should allow up to 2 hours for a community panel and interview. The main interview questions will be shared in advance.

Start date: February if possible

The Energy Neighbours project

Thanks to National Lottery players, Third Sector Leaders Kirklees has received more than £900,000 from The National Lottery Community Fund, the largest community funder in the UK, to empower local people to take individual and collective climate action and reduce fuel poverty in their community.

The Energy Neighbours project has a clear community capacity-building approach. The approach is to work inclusively *with* communities and community organisations, listening to local priorities, experimenting and learning together, being transparent and accountable and sharing decision-making power.

This innovative project is participating in the National Lottery Climate Action Fund learning partnership. The Project Manager will ensure full and effective sharing of learning across project partners and with other learning partners nationally.

The new Energy Neighbours team includes a Project Manager, Project Coordinator and an Information and Data Manager. These three posts support four Community Energy Development Workers who work with community organisations and residents in priority areas of Kirklees. The project partners include the Kirklees Climate Commission, local experts on energy and independent evaluation support.

About this job

The Energy Neighbours Project Manager leads and manages the Energy Neighbours project, managing all staff and contracts that are part of the project.

This innovative project is participating in the National Lottery Climate Action Fund learning partnership. The Project Manager will ensure full and effective sharing of learning across project partners and with other learning partners nationally.

The Energy Neighbours Project Manager will work closely with the CEO and all TSL employees to deliver TSL's strategic goals. They also work closely with the Project Coordinator and Information & Data Manager in managing the Energy Neighbours project.

What we are looking for:

- An experienced, enthusiastic, manager of projects and partnerships
- Experience of collaboration, capacity-building and/or working co-productively
- Supports TSL Kirklees aims and values
- Strong IT, communication, relationships and organisational skills
- Able to take responsibility for all project finances and reporting
- Ability to lead and represent this innovative project
- Relevant degree level qualification or able to learn at this level

If you don't quite have everything on the list, you can still apply. We will consider opportunities to help the right person to develop into the role.

TSL Kirklees

TSL Kirklees is a local charity, with members involved in hundreds of community organisations. TSL promotes other local community organisations, provides training, supports partnerships and helps people get involved in community activities by reducing barriers and providing support.

You can find out more at www.tslkirklees.org.uk

TSL Kirklees believes in the potential of our community organisations and non-profits to improve our society and community, and we're on a mission to harness their skills,

talents, and innovative solutions. The Voluntary, Community, and Social Enterprise sector is evolving and we know that individuals and organisations are facing incredible pressures. We also know the solutions lie within our communities.

Are you ready to help shape the future of our vibrant communities? Join us on this exciting journey to empower communities and create thriving neighbourhoods.
