

# EMPLOYEE BENEFITS

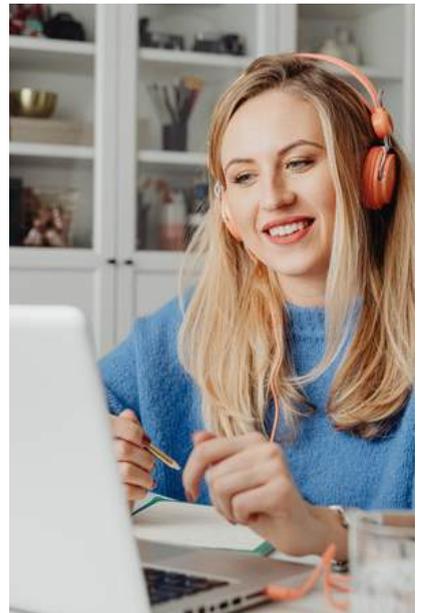

2025

*Our people make a difference everyday*

Without you we couldn't be there for the children and families who need our support. That's why it's so important to reward and recognise your hard work. You'll find lots of information about our benefits in this booklet, from enhanced employment benefits and health support to high street discounts and savings on famous brands. We listen to what our employees say and work hard to design and deliver rewards and benefits to meet the needs of our varied workforce.

Please take some time out to review the available options and contact People Services with any questions.

# Learning & Development

There are always opportunities to learn at Adoption UK. While 70% of learning comes from experience, education and exposure to others are vital components to help you thrive:

**Experience:** 70% of learning comes from on-the-job opportunities, which take you out of your comfort zone, challenge you with new responsibilities and activities and build your experience in a supportive way

**Exposure:** 20% of learning comes from seeing other people in action and learning from their strengths, skills and knowledge. Whether that's colleagues in your day to day operations, managers or others in mentoring or coaching or from one of our team meeting focus sessions or lunch and learn sessions.

**Education:** 10% of learning is through formal activities like training courses, webinars or reading. We provide up to 5 paid development days (pro-rata) for employees to take time out to focus on development activities, whether that's training, coaching, mentoring or independent learning.

## **TRAINING**

We have a wealth of training opportunities for employees, whether that's through e-learning, informal Lunch and Learn sessions, external specialist providers or formal internal training sessions, last year our employees accessed training on over 100 different subjects. Annual appraisals provide an opportunity to agree learning and development plans and identify training to support you in your next phase of development.

Managers and those who wish to be considered for management roles have an opportunity to access formal management and leadership training opportunities, some of which will lead to qualifications.
