### **About Veterans With Dogs**

Veterans With Dogs is a UK charity that transforms the lives of Armed Forces veterans living with mental health challenges. Through the provision of highly trained assistance dogs and trauma-informed support, we help restore purpose, independence, and dignity to those who have served.

Founded in 2012, our work addresses a vital gap for veterans living with PTSD, anxiety, depression, and complex trauma. Through our award-winning PALS™ (Partner Animal Life Skills) programme, we support veterans to rebuild their lives, with the constant support of a trusted companion by their side.

Following a period of governance transition and renewal, we are entering a new and exciting phase. We are strengthening leadership, systems, and strategy to ensure long-term sustainability and greater reach, while maintaining the quality, care, and integrity that sit at the heart of our work.

We recognise that this is a senior leadership role within a small organisation and are committed to flexibility in how the role is delivered. We are open to conversations around working patterns and location to ensure we attract the strongest possible candidate.

**We are also open to shaping aspects of the role around the strengths and location of the successful candidate.**

We would particularly welcome candidates who can bring fresh perspective, while respecting and building on the strong foundations already in place.

This is an opportunity to shape the future of a respected and growing charity at a pivotal moment, with genuine scope to influence strategy, culture, and long-term impact.

### **The Role**

The CEO will provide strategic direction, operational oversight, and cultural leadership for Veterans With Dogs. Working closely with the Board of Trustees, the CEO will oversee the delivery of the charity's mission, ensure operational excellence, develop our long-term strategy, and foster a values-led and high-performing team.

This is a hands-on, multi-dimensional leadership role, ideal for a calm, pragmatic, and inspiring individual with experience of organisational stabilisation, stakeholder engagement, and sustainable growth. You will build strong relationships with the team and stakeholders, maintaining a visible and engaged leadership presence both in person and remotely.

This is a genuinely part-time role with a focused and manageable scope, supported by an engaged Board of Trustees and a committed team. The role is designed to be sustainable within the allocated hours.
