

CHARITY AMBASSADOR VOLUNTEER

Supporting us to raise funds & awareness

THE
**BRAIN
TUMOUR**
CHARITY

A CURE CAN'T WAIT

75%

of people diagnosed with a glioblastoma brain tumour will not survive for more than a year

28%

of brain tumour patients have visual impairment

Our challenge

The Community Fundraising Team is an integral part of The Charity Fundraising Portfolio, with an income target of £3m in 22/23 and the team consists of Community Fundraisers based across the UK. Our role is to provide fundraising advice & support to our Supporter Groups, Community Organisations, Regional Corporates, Volunteers & Events.

How can you help?

We are recruiting a team of Charity Ambassadors to help develop engagement across each Region, to maximise opportunities to raise funds and increase support from the Community. You will be actively involved with The Charity on the ground and play a key role working alongside the Regional Community Fundraisers, as and when required:

- Identifying various opportunities in your local area to raise awareness of The Charity & our wide range of Fundraising Campaigns. This could be anything from contacting your local supermarket's 'Community Champion' and organising an information stand and bucket collection or supporting a Supporter Group meet up in your area.
- Representing The Charity in your area, by undertaking presentations & cheque collections at schools, local companies & community groups
- Helping us to recruit new fundraisers and supporting those who are already signed up for a campaign, in your area. For example, attending a local Twilight Walk or promoting The Big Bake to local companies.

What impact will you have?

By amplifying The Charity's voice in your local area, you'll help increase the impact of fundraising campaigns & help grow funds and support us in accelerating a cure for everyone affected by a brain tumour diagnosis.

ABOUT THE BRAIN TUMOUR CHARITY

We are the world's leading brain tumour charity and the largest dedicated funder of research into brain tumours globally. Committed to saving and improving lives, we're moving further, faster to help every single person affected by a brain tumour.

We're set on finding new treatments, offering the highest level of support and driving urgent change. And we're doing it right now. Because we understand that when you, or someone you love, is diagnosed with a brain tumour – a cure really can't wait.

BRAIN TUMOURS MOVE FAST.

WITH YOUR HELP, WE CAN TOO!

We're looking for people who are:

- Passionate about the Charity and our vision
- Flexible and willing to get involved as and when opportunities arise
- Confident and comfortable in undertaking presentations to a wide range of audiences
- Skilled at spotting new opportunities to raise awareness and funds
- Friendly, approachable and able to communicate at all levels
- A team player, who is also able to work on their own initiative

We particularly encourage applications from those who are significantly underrepresented in our sector, including individuals from Black, Asian and Minority Ethnic (BAME) communities.

What can you gain from volunteering?

- You'll join a friendly, passionate team and develop an understanding of how this team at The Charity operates.
- The opportunity to network with other volunteers and play a key role in the brain tumour community.
- You'll have the opportunity to utilise your existing skills, while developing and learning new ones to take forward into the future

Time commitment

Initially, we envisage a minimum of 2 or 3 days per month, depending on the regional focus, and this will also be guided by whether you are researching new awareness raising opportunities in your area, or setting up a school presentation for example. Flexibility is a key part of the role as we are often presented with exciting opportunities to raise awareness or funds, at short notice.

Practical considerations

You will receive training from the Community Fundraising Team and ongoing direction from a Regional Community Fundraiser, who will be your key contact. We carry out reference checks for all individuals who will be volunteering with us on a regular basis. Volunteers will be required to complete some internal data protection and disclosure documentation before commencing the role. Volunteers must be over 18. We encourage volunteers to claim for any reasonable expenses that are incurred in the course of their volunteering with the Charity. Find out more in our [expenses policy](#).

Need support with the application process?

We are committed to being inclusive and recognise that there may be a number of ways we could support you through the application process. If there's any adjustments we can make to help you fully engage in the process, don't hesitate to let us know by getting in touch with the Volunteering Team (volunteering@thebraintumourcharity.org)

"I wanted to use my time on furlough to do something good and build my experience in this area. I learnt so much from the team who were so welcoming, it's given me a valuable perspective that I can take into future roles."
- Katie, previous Volunteer

INTERESTED?

If you're ready to apply, please complete our [Charity Ambassador application form](#).
