

Personal Profile

We want to get to know you better.

In this exercise we would like you to create a one-page personal profile - ***all about you!***

You can be as creative as you like using PowerPoint, Word, Arts & Crafts, Mood Board, pictures etc.

All that we ask is that you keep it concise (one page or four slides max) and that by the end of it we have a sense of your personality and the values that you hold.

We may well want to share this document with people you may work with so please do not add your address or contact details, use your first name only.
