Credit Union Transformation Programme

The Credit Union Transformation Programme is a £30 million multi-year investment programme by Fair4All Finance which seeks to achieve the objective of transforming the scale, reach and impact of credit unions through sector-level investments in infrastructure, products, collaboration, consolidation and skills within the credit union sector. It forms part of the Government's Financial Inclusion Strategy and supports the Government's wider ambition to double the size and scale of the co-operative and mutual economy in support of inclusive growth.

All Together Money will work in partnership with Fair4All Finance to convene, co-ordinate, ideate and incubate ideas and proposals from the sector to drive the investment pipeline required to fulfil the programme's objectives. This will be delivered in partnership with Swoboda Research Centre, a think tank for credit unions in the UK and Ireland.

All Together Money is establishing a team to deliver our role in support of the programme over an initial three-year time horizon. This team will be responsible for co-ordinating with Fair4All Finance, delivering sector engagement and ideation events and supporting individual investee groups with incubation support and co-ordination across the sector. The team will also support the work of the Programme's Advisory Group in setting the priorities and monitoring progress of the investment scheme.

We are seeking to fill two roles:

- Head of Credit Union Transformation – responsible for leading the delivery of the Credit Union Transformation partnership with Fair4All Finance
- Transformation Delivery Manager – responsible for day-to-day activities of the partnership, liaising with investees, arranging events and supporting programme activity

These are exciting roles for anyone interested in driving a real step change in credit union operations to deliver a real impact in financial inclusion and resilience in Great Britain.

To apply, submit an up to date CV with a covering letter setting out how you meet the requirements set out in the Role Profile. Please indicate clearly which role you are applying for.

Deadline for applications is Tuesday 1 December at midday. Applicants must be available for interviews in Manchester on 7, 8 or 9 December.
