

TOGETHER ACTIVE

Staffordshire & Stoke-on-Trent

Role Profile: Development Officer – Health and Wellbeing

Reporting to: Development Lead – Health and Wellbeing

Salary: £28,000 pro rata

Hours: Part Time 28 hours per week

Location: Hybrid

Role Summary

The Development Officer - Health and Wellbeing will be instrumental in expanding and enriching Together Active's health initiatives, particularly by integrating physical activity into clinical pathways across Staffordshire and Stoke-on-Trent. This role is critical in building and maintaining partnerships with healthcare providers and physical activity organisations, directly contributing to the development and implementation of innovative health projects. The officer will work under the guidance of the Development Lead - Health & Wellbeing to enhance service delivery and ensure that health strategies are tailored to meet the diverse needs of the community.

Role Outcomes

- 1. Enhanced Partnership Engagement:** Effective collaborations are built and sustained with healthcare sectors and physical activity providers to integrate services that improve community health outcomes.
- 2. Project Leadership:** Health and wellbeing projects, particularly those that require innovative approaches to integrate physical activity with health services, are developed, tested, and implemented.
- 3. Community-Centric Health Programmes:** Health programmes and clinical pathways are developed that respond to the specific needs and preferences of local communities.
- 4. Quality Assurance Development:** A quality assurance framework is created and maintained, with physical activity providers ensuring the highest standards of service for individuals with long-term health conditions or specific health needs, guided by strong research and best practice.

Day-to-Day Responsibilities

- **Relationship Building:** Actively engage with and support relationships among social prescribers, health and wellbeing coaches, community connectors, and

other relevant stakeholders to foster comprehensive health and wellbeing networks.

- Insight and Feedback Gathering: Collect and analyze feedback from community health service users and providers to identify gaps in current physical activity offerings and areas for improvement.

- Programme Development and Management: Design, develop, and manage health projects that align with Together Active's strategic goals, focusing on creating accessible physical activity opportunities for all community members.

- Quality Assurance Collaboration: Work closely with the Workforce Development Officer to support the upskilling of physical activity providers to ensure patients have the best possible experience and ensure consistent quality standards.

- Advocacy and Community Engagement: Represent Together Active in various forums, advocating for inclusive and sustainable health practices and ensuring that community voices are heard in the development of health policies and programmes.

Line Management Responsibilities
