WELCOME

Dear Prospective Trustee,

Thank you for your interest in volunteering for the University of Exeter Students' Guild as a member of our Board of Trustees.

The Guild exists to represent and enhance the experiences of over 30,000 students at the University of Exeter. We share a vision for the future where students are empowered to shape the world around them now, and in their futures. The opportunities and experiences we provide will be life-changing, memorable, and a significant catalyst for whatever our students may do in the future.

This is an exciting time for the Guild. In 2020 we had to rethink our operating model after transferring our commercial services across to the University. This has provided financial security for the Guild, and an exciting opportunity to develop a new agile strategy focusing on helping all students to love Exeter. Energised by this period of transformation, we are excited about our future and we are looking for passionate people who can help us to take the Students' Guild to the next level. We strongly believe that the recruitment of skilled and visionary trustees is vital in helping us to develop, and in return, you'll join a team committed to becoming one of the best students' unions in the UK.

One of the best things about students' unions is the make-up of the Board. You'll be joined by four other external Trustees, five students, and five full-time Officers who are elected by students to represent them.

We are genuinely student-led, and very proud of our governance and democratic decision making; we're looking for someone who will love this about us too!

We wish you the best of luck with your application and look forward to meeting you.

EMMA DE SARAM
Guild President 2023-2024

A MESSAGE FROM THE UNIVERSITY

The University of Exeter works collaboratively with the Exeter Students' Guild to deliver many shared priorities and goals.

A key priority of The University's new 'Strategy 2030' is to develop a sector-leading partnership with the Exeter Students' Guild so that student voice is at the heart of our decision making and strategic planning.

To realise this ambition, we are particularly keen to attract outstanding students to the Board of Trustees of the Guild who will be committed to working together in partnership to create an excellent student experience at Exeter.

PROFESSOR LISA ROBERTS

**University of Exeter Vice-Chancellor
and Chief Executive**

ABOUT THE GUILD

The Exeter Students' Guild at the University of Exeter is the students' union, led by students for students. We represent over 30,000 students and enhance their unique journeys at the University of Exeter.

Our purpose, in a nutshell, is to help all students to Love Exeter.

Everything we do contributes towards our three strategic impacts:

- Students feel a sense of pride and belonging
- Students have a diverse range of opportunities for engagement
- Students are skilled, networked and connected when they're here and when they leave

We have developed an agile strategy for the next five years focusing on organisational stability, a strong and efficient operating model, and enhancing our role in the student experience.

We value collaboration, radical inclusivity and empowerment, and these values drive and underpin our behaviour and the way we work. We are also focusing on our enablers: our people, platforms, spaces and partnerships. We know what success looks like and we are on our way there!

WE ARE A CHARITY

The Exeter Students' Guild is a registered charity and Company Limited by Guarantee. Our primary source of income is a block grant from the University of Exeter of £2.3million. We sit at the heart of the student experience which encompasses representation, support and advice services, student activities and volunteering. Our charitable purpose is the advancement of education of students at the University of Exeter for the public benefit.

WE ARE GENUINELY STUDENT-LED

We are a democratic membership organisation and all students at the University of Exeter are automatically members of the Guild. The Board of Trustees is made up of five Full-Time Officers, five Student Trustees and five External Trustees. The Officers are elected each year by, and from, the student membership of the University. Officers take a year out of their studies (or immediately after graduating) to serve as a trustee and they can stand for re-election for a second year if they choose, but can serve no more than two years. The Officers are paid a salary and work a normal working week. The Student Trustees go through a similar application process to External Trustees, and are appointed, which allows a more diverse student representation on the board.

The Officers are assisted by, and take direction from, other elected student representatives, and have a range of interactive democratic engagement processes for wider student input.

The Guild President (one of the Officers) is the Chair of the Board of Trustees. They are responsible for chairing the meeting of the Board, leading the performance management of the Chief Executive and acting as lead ambassador of the Guild to external stakeholders and the public.

HOW WE'RE RUN

The Chief Executive's role is to ensure effective and efficient strategic and operational leadership of the Guild. In conjunction with the President, the Chief Executive drives and delivers the strategy whilst ensuring the organisation continues to improve its service to members.

The role works closely with elected officers to ensure that the vision, goals and core values of the Guild are achieved.

The Chief Executive is supported by a strong senior management team who have specific areas of responsibility for management of Student Engagement, Marketing and Brand, and Finance and Operations.

We employ a team of 50 permanent staff and some key student staff roles, and we all work to ensure that every student at Exeter has the best possible university experience.

OUR INCOME

The Students' Guild has one main source of income - an annual grant from the University which supports our service delivery. We are a charity and a not-for-profit organisation, so any additional income generated would be reinvested into the services provided for our members.

One aspect of our new strategy is to consider diversifying our income streams, without threatening the financial stability of the Guild brought about by the commercial transfer in 2020.

Farah showed her interest in understanding and supporting a charity to run, plus there was a big passion about wanting to give back to the student community and working to help students have the best time at Exeter. Farah focused on the want to make sure every student has an opportunity to do their best which fits extremely well with our values. Farah gave plenty of great examples and experience about making important decisions, using their initiative and logic, and working with people to overcome barriers whilst being empathetic and caring. The values and experience that Farah holds would make them an excellent student trustee.

ALEX MARTIN

Alex has started as Trustee for the Guild in 2022, is studying History and will be going into their final year. Alex has been an active committee member of the Debating Society amongst participating in other societies and activities.
