

Finance Business Partner - Fundraising, Brand and International

Too many older people have no one to turn to for support. We believe no older person should have to struggle alone. We're Age UK, the UK's leading charity for older people. We provide information, support, friendship and advice when it's needed most. Our services are a lifeline – could you help us reach even more people who need us?

The job, in a nutshell

Working as part of the FP&A - Fundraising, Brand and International team the role is focussed around producing and delivering timely and accurate financial budgeting and analysis for the fundraising, brand and international division, focusing on driving forward income generation across the Age UK group. The purpose of the Finance Business Partner role is to support the organisation in delivery of strong performance and achievement of its financial objectives, through provision of insightful analysis and reporting, business intelligence and assessment of financial performance and risk.

What you'll do for us:

Financial Performance & Reporting

- Provide expert financial support, advice, and challenge, to ensure effective monitoring, tracking, evaluation and planning of revenue and expenditure.
- Assist in the development of KPIs, management information, and reporting tools that help monitor performance and delivery of objectives.
- Work with operational teams and others within the FP&A team to identify

'I have worked in the finance team for over 5 years now and I've really enjoyed the journey so far. Everyone at Age UK is very friendly and supportive. I have learnt so much over the last five years, I look forward to the next five.'

Finance Business Partner - Fundraising, Brand and International

and analyse direct, indirect and overhead costs related to your division and ensure appropriate attribution of these costs within management accounts, budgets, forecasts and reporting.

- Produce financial management reporting and analysis, including financial modelling, to provide sharp insight for effective business planning.
- With the support of management accountants, deliver monthly/quarterly management accounts and reporting packs. Support Board and Trustee reporting as required.
- Monitor financial performance and analyse underlying reasons for variances to budget and forecasts, in collaboration with the operating teams.
- With the support of the management accountants, prepare and manage accruals and provisions so that they are at all times consistent with accounting standards and policies.
- Manage the month-end process to the Group reporting timetable.
- Provide incisive financial analysis to support business cases decisions, investment cases and initiatives.
- Design and build reports in Power BI to extract and present financial information to stakeholders.
- Build partnerships and maintain strong relationships with divisional managers and directors to be the first point of contact for financial advice and support.

Budgeting and Forecasting

- Deliver accurate budgeting and forecasting in accordance with Group policies and timescales working closely with operational teams.
- Review and analyse budget and forecast output, challenging results, highlighting risks, mitigations, and raising issues for resolution.

Year-end Accounts

- Support year-end preparation of statutory accounts. Provide input to relevant working papers, responding to audit requests as required.

Other

- Other ad-hoc duties and projects as required.
