Finance officer (0.4 FTE)

August 2026

Closing date: 10am, Monday 17 August 2026

Interview date: Wednesday 26 August 2026 (in person)

1) About Green Alliance

Green Alliance is an independent charity, think tank and advocate committed to achieving a greener, fairer future for the UK. We believe that ambitious political leadership is essential for meaningful environmental change at the speed and scale necessary.

We play a central role in shaping the natural environment, climate and resources agendas in the UK and are known for our cross party influence and the clarity of our insights.

The high quality of our work, our experienced team and our collaborative approach have enabled us to develop excellent relationships at the highest level, with political parties, businesses, NGOs and academia.

About Green Alliance: culture and values

We are committed to achieving positive outcomes for the environment. To do so successfully, we aim to create a supportive, inclusive and collaborative working culture that allows our staff to reach their full potential.

In our work to deliver ambitious leadership for the environment we are guided by the following values:

We are optimists

We believe that a green and prosperous UK is achievable.

We are change makers

We are flexible and agile, focusing on where the power is, and on whatever we think will have the greatest impact.

We are collaborative

We are pluralists and believe that collaboration and seeking to understand others' viewpoints is the only way to make progress; this is reflected in how we operate both internally and externally.

We embrace complexity

We will never ignore the fact that environmental issues are inherently complex and inseparable from other important issues, including social impacts, and we do our best to address this in all our work.

We are inclusive

In all aspects of our work we seek to include, involve and listen to diverse voices and communities, as a necessary component of success.

About Green Alliance: vision and strategy

Our vision is for a green, prosperous and equitable UK, where people and nature thrive together.

What we do

We work to secure the political leadership that is needed to address the climate and nature crises. We advocate ambitious, achievable environmental solutions based on robust analysis and evidence. As well as immersing ourselves in achieving impact today, we look to the future to create the context for addressing the hardest to tackle environmental issues. We build a credible case for change by working with politicians, academics, businesses and environmental experts.

Research and insightful analysis:

We provide evidence and improve understanding of complex environmental challenges and demonstrate practically how to overcome them.

Advocacy:

Our advocacy, based on expert insights, drives greater political ambition, shapes the agenda and improves environmental outcomes.

Convening with a purpose:

We forge constructive alliances to raise political ambition and secure progress. We convene through formal coalitions, informal networks and high profile events.

2) Equity, diversity and inclusion

To achieve a green and prosperous UK for all, we aim to develop policy solutions that create a better future. As well as the environment, we will consider people and social justice when designing environmental policies to bring about a fair green economic transition.

We believe that an inclusive culture is fundamental for people to thrive and feel valued and recognised. We value a diversity of perspectives and lived experience which enhances our organisational culture and our creative policy thinking. We value the breadth of lived experience of our staff and support people to thrive.

The environmental and think tank sectors are among the least diverse workplaces in the UK. We are committed to changing that, in both the way we operate and by exercising our influence.

We believe making progress on equity, diversity and inclusion (EDI), including our commitment to anti-racism, is essential to our success and we recognise that this is a continuous process of improvement and learning.

We encourage applications from all sections of society, particularly those from working-class backgrounds and people of colour who are under-represented in the environment and think tank sectors, to help us achieve our vision of a green and prosperous UK for all.

We reimburse travel expenses for candidates that attend our office for an interview.

Demographic monitoring

When you apply for a job with Green Alliance, you will be invited to fill in an equal opportunity monitoring form. This data is collected anonymously and is automatically separated from your application documents. We would be very grateful if you would complete the form as that will help us monitor the effectiveness of our recruitment approach.

Applicants who require reasonable adjustments

Please contact us at any stage if you have specific requirements which would enable you to participate fully in the recruitment process. For example, you might like more information about access to our office. Please email Jenny Baker, our ops director, on jbaker@green-alliance.org.uk. If we offer you an interview, we will also ask you if you need any reasonable adjustments.

3) The role

We are looking for an enthusiastic individual who has a strong financial background with excellent attention to detail, a flexible attitude, an ability to work effectively under their own initiative and as part of a small team, together with excellent organisation and administrative skills.

Approach to AI

We recognise that some applicants may choose to use AI tools as they prepare their applications. We strongly encourage you to ensure that your application is personalised and accurately reflects your own experience, insights and voice. AI should not replace your own input or authenticity. We want to hear your perspective, not a generic response and reserve the right to reject applications that closely resemble AI generated answers to our application questions.

We are genuinely interested in learning about you, your motivation, your experiences and what makes you a great fit for the role. Your application will be reviewed by one of our team members and we look forward to reading it.

Right to work

All applicants must have the right to work in the UK. Unfortunately, we are not able to offer visa sponsorship, so you will be required to provide evidence of your right to work in the UK during the recruitment process. We are unable to sponsor the renewal of work visas for people who have short-term permission to work in the UK.

7) Next steps

Here is what you can expect after the closing date for applications:

Application review

All applications will be anonymised and assessed by our team against the key selection criteria. This ensures we review candidates based solely on relevant skills, knowledge, and experience. We will review applications as they arrive and will invite suitable candidates to an online interview on a rolling basis. You are therefore encouraged to apply early.

We aim to keep candidates informed and you will hear from us after the closing date if your application has been unsuccessful.

Reasonable adjustments

We are committed to making this process inclusive and accessible. Please let us know if you require any adjustments or support to participate fully by emailing Jenny Baker, our ops director on jbaker@green-alliance.org.uk.
