About Radley College

Radley College is an independent full-boarding school of 770 boys situated five miles south of Oxford. We are fortunate to enjoy a stunning rural setting inspired by the nearby city and university. The hallmark of Radley is its warmth, generosity and kindness; we work hard to create an environment where boys will be happy, grow in self-confidence, thrive academically, and make the most of the many opportunities we offer.

We want to ensure our values and the educational opportunity we provide is genuinely relevant in a world of technology and expanding diversity, cultures and attitudes. We want our pupils (Radleians) to be able to engage with the world around them, to be those who care for and about others and who can and will do so in any environment or place.

At the heart of the College's vision sits Radley's five-year strategic plan which the Development Office supports throughout our work. As part of our strategic plan, we have identified four pillars around which our efforts will be focused: People, Place, Partnership and Purpose. In simple terms, these pillars are defined as follows:

- People providing opportunities for talented and deserving boys, from diverse backgrounds.
- Place ensuring that the school provides world-class teaching within world-class facilities.
- Partnership recognising the value of effective collaboration and communication in all we do.
- Purpose creating a global awareness to contribute positively to a changing world.
