About us

OUR PURPOSE - WHY WE'RE HERE

We exist to make a positive difference for anyone impacted by any kind of stoma or stoma surgery.

OUR WORK - WHAT WE DO

We became a registered national charity in 2006, but we've been here for people with stomas, their families, friends, carers and support networks since we were founded in 1967.

There are now over 200,000 people living with a stoma at any one time in the UK who benefit from the work that we do as we:

- Provide practical and emotional support and advice whenever it's needed.
- Run projects that empower and build the confidence to take on fresh challenges.
- Are a voice on the issues that matter, campaigning and advocating for ostomates' rights.

OUR VISION - WHERE WE'RE GOING

We want to live in a world where having a stoma presents no obstacles or barriers and carries no stigma.

A world where people can:

- Get the right information and advice, at the right time, at the right stage of their stoma journey.
- Have access to the facilities and resources they need when and where they need them.
- Live their lives to the fullest without fear of discrimination or prejudice.

Our Values

At Colostomy UK the way we behave matters to us deeply. In everything we do, we are guided by and strive to meet the following values:

SUPPORT AND EMPOWER

Two things matter more than anything else to us: supporting people with or about to have a stoma and empowering them to get the most out of life. For us, supporting and empowering people is also about finding new ways to do this, so we aren't complacent. Being innovative, creative, courageous, and tenacious is in our DNA.

KNOWLEDGE

We are stoma experts. This is no empty claim, but backed by the collective knowledge we have accumulated since we were founded in 1967. And, because we prize learning, we add to this knowledge every day. We know all about the many ways in which having a stoma can impact on life. We know the challenges, we know the fears, we know the concerns and the worries. We know the ups and the downs. We also have the know-how to help, reassure, and support.

COMPASSION

We are compassionate and caring. We know what it's like to go through stoma surgery and what a struggle it can often be to get life back on track afterwards. We understand how even the small things can have a big effect on someone's wellbeing. We don't judge, instead we are patient, respectful and understanding listeners.

INCLUSIVITY

The diseases, illnesses and injuries that make stoma surgery necessary don't discriminate and nor do we. People from all walks of life, all cultural and religious backgrounds, and all ages, even babies, have stomas and we are here for every single one of them. For us, inclusivity is also about understanding things from different points of view. Doing this helps us to shape the support we offer, making sure that we can respond in positive, meaningful, and impactful ways to the many and varied needs of people with stomas.

TOGETHERNESS

Our strength comes from engaging with others. We've been doing this throughout our history. It's by working collaboratively with healthcare professionals, people with stomas, local government, businesses, and other organisations, that we fulfil our purpose. We believe that the way to achieve our vision is by sharing problems and solving them together.

The role

As the Fundraising Executive you will work to grow income through developing our community engagement, attracting, building and managing relationships with a range of supporters (individual donors and fundraisers, community groups, local businesses, volunteers etc). You will lead on the stewardship of events and challenges, including our annual Step Up campaign, by supporting individuals and groups to raise funds through fundraising activities. The post-holder will also support the recording of donations, send appropriate acknowledgements, review fundraising materials, and prepare fundraising content for social media, our website and our quarterly magazine, *Tidings*.

We are looking for a motivated, confident individual with strong organisational skills and an impeccable attention to detail, who is passionate about supporting people living with stomas. The successful applicant will be expected to have a broad understanding of a range of income generation methods and communication styles, and the third sector.

You will be joining a collaborative and innovative team of individuals who put our community first and are connected by a passion to make a real difference. We offer the opportunity for professional development across a range of fundraising disciplines, including community, individual giving, digital, legacy and corporate, as well as the potential to support fundraising from charitable trusts. The right candidate will be in a prime position for career progression as we grow our small team.

Practicalities

This role may involve overnight stays, early mornings, evenings and weekends so flexibility is a must.

Ideally you will work at our head office regularly during the first few weeks in post to aid a successful induction period. Following this, you may wish to continue to be office-based full time, or work on a hybrid or remote basis.

Core role responsibilities

- Working alongside the Fundraising Manager to implement the fundraising strategy, with a focus on building unrestricted income
- Donor stewardship, including recording and thanking for donations, and other supporter communications, to encourage long-term, repeat support – engaging existing supporters, making them feel valued, proud, and committed to supporting the charity
- Working with our supporters to organise and host interesting activities and events in the community and digitally, to significantly increase fundraising income; ensuring excellent support of their activities during planning and delivery, and arranging attendance from the Colostomy UK team and volunteers as appropriate
- Preparing appealing fundraising materials and content for all types of communications
- Representing and raising the profile of the organisation externally by giving presentations and promoting the need for fundraising among different audiences
- Working with the Marketing & Social Media Executive to ensure fundraising is included in our public-facing communications, to supporters and audiences on social media, in newsletters and on other channels; ensuring our website, social media channels and print material are kept up to date with fundraising news and activities that inspire engagement and giving
- Working with our Volunteers Manager, Community Liaison and Volunteers to promote and encourage participation in fundraising activities
- Working with our Editor & Writer on fundraising content for our support magazine
- Supporting fundraising with analysis and reports to enable us to continue to build and improve our profile; monitoring engagement and conversions from different fundraising campaigns
- Maintaining accurate supporter records in our CRM system
- Helping to develop other methods of income generation and keeping on top of current trends and best practice in fundraising
- Undertaking informal and formal training as agreed, to benefit your professional development and Colostomy UK
- Maintaining an understanding of trends affecting ostomates and preparing communications accordingly

Skills, Experience and Person Specification
