

Who We Are:

Self Injury Support is an experience-led, UK-wide charity providing support for, and improving knowledge around, self-harm.

Our vision is that anyone who uses self-injury knows they are not alone; everyone understands that self-injury is a complex and important issue we should all care about; and together we tackle both the causes and stigma of self-injury.

We do this by offering a range of online, remote, and in-person support services, as well as delivering training, education, and consultancy and taking part in research and working alongside partner organisations to help tackle stigma and ensure that the voices of people affected by self-injury are heard by policy and decision-makers in the UK.

What We Offer:

- Flexible and adaptable workplace
- A friendly and inclusive team environment with pro-active support around employment needs and applications to Access to Work
- Annual leave entitlement of 28 days plus bank holidays pro rata
- Employer pension contribution of 4%
- Personal training budget
- Up to 5 mental health days per year
- Internal training and development opportunities
