About Public Voice

Public Voice is a Community Interest Company (CIC) with a mission to improve neighbourhoods, the lives of the people who live in them and the public services they use.

Through our work, we ensure people in the community are heard – bringing together diverse voices and including those who find themselves marginalised or are rarely reached by service providers. We take a user-centred, co-production approach to understanding individuals’ and communities’ needs, and translate that into meaningful insights for service providers in government, public health, and housing. The results are better outcomes for residents and service users, more effective and efficient services for providers, and stronger and healthier neighbourhoods.
