About Oasis

WHO WE ARE

Steve Chalke founded Oasis in 1985 working with young people, homeless people and others who felt excluded from society. Over the decades Oasis has grown into a family of subsidiaries, with more than 5000 staff across the country, working together to achieve our vision of community where

everyone belongs.

Oasis Community Partnerships is the national charity responsible for all our youth and community work, and the parent charity to 18 local community Hub charities.

WHAT WE DO

Our approach is to work in “hubs”. We want to see local communities that are

characterised by trust, safety, cohesion, mutual support, vibrancy, health and opportunity, as well as increasing capacity to address their own issues. We want to see those who are excluded brought back into the community to share the experience of wholeness and wellbeing.

The Oasis vision and ethos

THE OASIS VISION

Our vision is for community – a place where everyone is included, making a contribution and reaching their God-given potential. To do this, we need people who are willing to reach out to others, seek to understand, build relationships, persevere, and believe things can change for the better. We need people like you!

THE OASIS ETHOS

These attributes are reflected in the Oasis ethos:

- A passion to include.
- A desire to treat people equally respecting differences.
- A commitment to healthy, open relationships.
- A deep sense of hope that things can change and be transformed.
- A sense of perseverance to keep going for the long haul.

As an organisation, we believe that this is what makes us different and will make the difference in the way we work together to serve those we work alongside.

Compassionate	Patient	Humble
Joyful	Honest	Hopeful
Considerate	Forgiving	Self-controlled

THE OASIS 9 HABITS

It is not just how we can bring about change to others. We also believe in developing our own character and being transformed to become the best version of ourselves. We actively promote and practice the Oasis 9 Habits, which are an invitation to a way of life characterised by being.

FAQs

WHAT DO YOU MEAN BY CHRIST-CENTRED?

This is a great question – at Oasis’s heart is the recognition that beliefs lead to behaviours, and that these behaviours are crucial in achieving our purpose. This ethos is based on an understanding of God as expressed in the life, message and example of Jesus, and hence we consider ourselves to be ‘Christ-centred’.

A quick way to explain ‘Christ-centredness’ – From what we read in ancient texts Jesus was radical and revolutionary in the way that he understood society, in how he acted and how he lived. He taught those around him that it was not what they believed that was important, but rather what they did and how they behaved. He demonstrated this in his own life through his actions and how he lived; Paul, writing not long after Jesus, recognised that Jesus had lived in a way that was completely counter-cultural, and described Jesus’ way of behaving as being the fruit of God’s Spirit.

Jesus’ approach to society and injustice is what inspires us as Oasis and so, as an organisation, we want to be known for being inclusive, seeking equality, having good relationships, a deep sense of hope, and for persevering – not for articulating simply conceptual values! And for this to happen, we want everyone in Oasis (which includes staff, volunteers, board members, the people we walk alongside and so on) to be both growing and developing a consistency in how they behave and respond, which we describe as developing Oasis’ ‘nine habits’ – which are based on Paul’s ‘fruit’.

If you would like to discuss this element further as part of the application process then please do get in touch with one of the team.

DO YOU SPONSOR STAFF FROM OUTSIDE THE UK?

Unfortunately not. Oasis is not in a position to sponsor anyone who does not have the right to work in the UK. It is up to applicants to ensure they have this status and can present the correct documentation as proof.

I'M NOT SURE I HAVE ALL OF THE QUALIFICATIONS OR EXPERIENCE. SHOULD I STILL APPLY?

In general, we say the advertised job description and person specification is what we see as the “perfect candidate” for the role. In the real world the “perfect candidate” may not apply! You may have a convincing case for possessing other skills and experiences (including unpaid work) which might also be beneficial. We take a holistic approach and also look for talent, passion, demonstratable commitment and alignment to our ethos.

DO I HAVE TO UNDERGO AN ENHANCED DBS CHECK?

If your role is judged to have significant contact with young people then an enhanced DBS check is a condition of employment with Oasis. For other roles a decision will be made on a case by case basis. If you don't want to apply because of a previous criminal record and think this may bar you from working for Oasis, please do contact the People Services team to discuss, as this may not be the case.

HOW WILL YOU USE MY DATA?

Oasis takes their role as a data controller very seriously, and will ensure that the information you provide is stored securely, and only used for the purposes of the recruitment process. We do have a more detailed information sheet in relation to data protection and recruitment – if you would like a copy please contact a member of the people services team.

EQUALITY DIVERSITY AND INCLUSION

We recognise that our team is strengthened by the knowledge, experience and insights people from a wide range of backgrounds bring.

As an organisation, we are committed to monitoring the make up of our organisation and taking steps towards an inclusive workforce, which reflect the communities we work in and ensure equal opportunities to progress. We are doing this by:

- advertising roles to all staff and the local community, as well as online; anonymising application forms at shortlisting stage
- having diverse interview panels
- training staff in unconscious bias
- conducting open staff forums and local Equality, Diversity & Inclusion groups
- holding free national conferences on breaking systemic racism.

We recognise there are areas of improvement and are accountable for this, so encourage applicants from underrepresented groups to apply for our roles.
