<b>Salary:</b>	£37,000 (FTE), (£29,600.00 after pro rating)

## About Us

Headway East London ([www.headwayeastlondon.org](http://www.headwayeastlondon.org)) is a charity supporting people living with brain injury. Working across 13 London boroughs we offer specialist support and services for survivors and their families. We offer therapies, advocacy, family support and community support work alongside our day service: a community venue where people can make the most of their abilities and interests.

We also promote awareness and understanding of brain injury by providing information to the public, and offering training to university students, professionals and businesses.

Our vision is to build a community where people with brain injury are valued, respected and able to fulfil their potential.

## About the Role

As Occupational Therapist you will provide occupational therapy assessment and treatment to survivors of acquired brain injury (ABI) who have been referred to the Headway East London services, as part of the Day Service in Haggerston or the Enfield community service. You will focus primarily on activity and participation issues. You will also provide advice, recommendations and training to Headway staff or external organisations.

## Principal Duties and Responsibilities

1. Undertake comprehensive occupational therapy assessment, treatment and evaluation of progress with individuals with complex neurological presentations as an autonomous practitioner, including the assessment of neurological impairment (including cognition, perception, upper limb impairment, and fatigue) as well as activity limitations and participation restrictions, using evidence-based tools and outcome measures, to ensure effective intervention.
2. Negotiate goal-directed intervention with individuals and / or carers to establish a realistic person-centred treatment programme, and promote an individual's choice and autonomy.

3. Contribute to the development of, and run, a range of therapeutic groups offered at Headway and in Enfield to ensure they continue to meet the needs of members with support from the Technical Instructor and Therapy Manager.
4. Maintain accurate and up to date documentation for all of caseload and provide written reports for external professionals such as GPs and case managers to meet professional and organisational demands.
5. Communicate effectively and empathetically with individuals with speech, cognitive and behavioural difficulties including communicating information which may be of a complex and sensitive nature, and employ appropriate skills to motivate an individual in their treatment programme.
6. Communicate complex information effectively to ensure collaborative working within the therapy service, wider staff team and with other professionals across health and other.
7. Assess and determine the need for assistive technology and / or adaptive environments to enhance an individual's independence; making recommendations to individuals / carers and other staff / professionals, trialing and training individuals and carers in their use agencies to ensure the delivery of a co-ordinated service.

8. Carry out intervention with people with complex and challenging behaviour as a lone worker in a variety of domestic and public settings, including public transport; requiring management of unpredictable situations, a problem-solving approach to risk management, empathy and negotiation skills to maintain safety and dignity.
9. Screen new referrals to the Enfield brain injury service and ensure the waiting list is kept up to date in line with our KPI's and referral pathways.
10. Support, advise and facilitate training of staff, volunteers and carers, presenting on topics such as cognition, fatigue, effects of brain injury and safe use of wheelchairs, as well as provide advice to educational establishments, workplaces and other community resources to promote an individual's successful (re) engagement in education / work / leisure in the community within appropriate professional capacity.

## Key Relationships – Internal and External

- Operational Staff – Headway East London
- Members/clients families and carers
- External Partners including health and social care providers, litigation professionals and case managers, educational settings and students
