Job Description

Title: Personal Independence Coordinator (PIC)
Reporting to: PIC Team Leader
Contract: Full time
Pension: Auto enrolment applies
Location: Hybrid working, with regular travel in Croydon
Office: Age UK Croydon, 81 Brigstock Road, Thornton Heath, CR7 7JH

Context for the Role

In Croydon, health and social care providers and commissioners have agreed a whole system approach is required to transform the delivery of health and care services.

The One Croydon Alliance is a partnership between Croydon South West London Integrated Care System, Croydon Health Services NHS Trust, Croydon Council, Voluntary and Community Sector, GP Collaborative and South London and Maudsley NHS Foundation Trust.

One Croydon is a radically different approach to the funding and delivery of services designed to get the best value out of health and care sectors in Croydon, whilst delivering the outcomes local people want.

The Integrated Neighbourhood Team (INT) programme across the borough supports the delivery of an integrated Croydon health and social care system where an individual can experience seamless services, make shared decisions and live well.

Job Summary:

The PICs work alongside health and social care professionals, as well as the local voluntary and community sector to support people and represent their wishes. They work within the One Croydon Alliance, a ground-breaking partnership which transforms the way health and social care services are delivered. One Croydon's complex and ever-evolving environment requires PICs to be adaptable and innovative in their roles.

PICs take referrals from a variety of routes, including from multi-disciplinary 'huddles', where they meet with key partners in health and social care and the voluntary sector, to identify referrals and collaborate to support people's needs holistically. Other referral routes include from weekly drop-in Community Hubs, proactive identification, and from partners outside of the huddle meetings.

The PIC then provides one-to-one support for 8-16 weeks. Adopting a person-centred approach, the PICs carefully listen to and respect the wishes of people they support. They help older people to identify and work towards goals with the overall aim to improve or maintain their independence and wellbeing. PICs ensure that the voices of older people are heard in relation to issues affecting their lives

Main duties and key tasks:

- Attend multi-agency team meetings, known as huddles, both online and in GP practices, providing relevant advice and support and taking appropriate referrals which meet the PIC Service criteria.
- Support the Integrated Neighbourhood Team's proactive approach by carrying out holistic 'proactive' calls to clients identified by GPs, to gain an understanding of their needs and report back to INT colleagues.
- Regular attendance at Community Hubs to support local residents and identify older people who would benefit from the PIC Service.
- Regular attendance at Integrated Neighbourhood Team co-location meetings throughout the borough to build and maintain strong partner relationships.

- Provide 1-1 support to people who have been referred, starting with a guided conversation, helping them to identify potential wellbeing goals.
- Work with the person for up to 16 weeks towards these goals, and support them to overcome barriers that may arise. Enlist assistance of a PIC Support Worker where appropriate.
- Coordinate actions identified, liaising with relatives, friends, carers, medical and social care professionals, other Age UK Croydon projects and any other relevant agencies, to ensure an integrated and personalised approach.
- Identify and maintain awareness of risks to the person being supported, including the risk of falling or health deterioration, as well as safety risks in the home, and take action accordingly.
- Support the person to apply for relevant financial support, welfare benefits and travel concessions, including Attendance Allowance, Taxicard and Dial-a-Ride and record these in adherence to the Quality of Advice Assessment. **Training will be provided.**
- Where appropriate, assist people to build support networks and reduce social isolation through a range of options, including carer or peer support, befriending, exercise, group activities, clubs and the pursuit of new and old hobbies.
- Where appropriate, enable discussions around future care planning and assist people to complete Universal Care Plans.
- Act as an advocate for the person and for their family or carer to help them navigate complex health and social care systems.
- Continually maintain and build knowledge of local statutory and voluntary support services in Croydon, in order to refer people to relevant services as required.
- Create accurate, timely and thorough database (Charitylog and Patienteer) case notes for each person being supported.
- Work within all Age UK Croydon policies and procedures, ensuring that personal information remains confidential, and fully adhere to General Data Protection Regulations 2018.
- Support colleagues within the PIC Team, by covering huddles and meetings where required.
- Represent the PIC Service and Age UK Croydon at community events and talks
- Attend all statutory and mandatory training as and when required. Identify own ongoing training and development needs, together with line manager, and ensure that these needs are met through appropriate solutions.
- Support the PIC Team to promote the service, including writing case stories and providing quantitative data as required.
- Engage with and support other Age UK Croydon services, acting as an advocate for Age UK Croydon and the PIC Service at all times.
- Work flexibly and undertake other duties as deemed reasonable within the aims of the organisation and Integrated Neighbourhood Team.

Working conditions:

- The post requires the ability to travel around the whole borough in a timely manner with frequent travel to home visits and meetings.
- The post involves lone working and visiting people in their own homes and may at times involve dealing with difficult and emotional situations, although training and support is provided
