About the role

This is an exciting time to join Able Child, having recently launched our new 2030 strategy. If you have experience working with partner organisations to secure funding for programmes overseas, alongside a strong belief in disability-inclusive development, then we would love to hear from you!

Working within our Programmes Team, you will secure over £200k of new income for each financial year to fund disability-inclusive programmes from a range of donors.

You will build relationships with corporates, trusts and foundations, institutional donors and other consortium partners, researching and identifying new funders and new opportunities whose strategic objectives and focus areas are aligned with our own.

You will work collaboratively with the Programmes Team and our Network members in Africa to develop and write compelling and high-quality proposals. You will develop new projects, MEAL plans and multi-year budgets.

You will work both independently and collaboratively to develop proposals. With excellent time management and organisational skills, you will demonstrate the ability to deliver quality work and meet deadlines, while managing a varied workload.

About you

We are looking for a passionate, ambitious and self-motivated individual, with excellent written and verbal communications skills, to join our Programmes Team at a pivotal time in the organisation.

You will have at least two years' experience working in a similar role for an international development charity.

You will have experience in designing projects alongside civil society organisations overseas and developing applications for grants-based funding.

You will have a commitment to local civil society strengthening and ideally have experience in fundraising for disability-inclusive development.

Able Child is looking for a candidate who can demonstrate a proactive approach to researching potential funders and developing projects and proposals, with excellent communication skills.

Able Child offers opportunities for career progression, and we seek a dedicated individual who can potentially advance within the role based on their success, eventually taking on greater responsibility within our restricted fundraising team.

If you think this is you then we would love to hear from you!

However, we recognise the workplace can be a stressful environment. Our staff are passionate about what they do, work hard and are invested in the people that we support. All of which can impact on daily wellbeing of staff. We believe that the mental health and wellbeing of anyone that works for us is of primary importance. We are therefore committed to promoting positive health among all our staff and volunteers, supporting those that need it and challenging stigmas against mental ill-health that exist in the workplace.

Flexible working: Able Child employees are contractually based in the office, however we currently operate a hybrid working model requiring a minimum of two days in the office per week, subject to change. We promote a flexible working policy, enabling staff to manage their hours and time effectively.

Career development: Able Child offers is committed to supporting the professional development of its staff. This includes, but is not limited to, training opportunities and a personal training budget.
