Job summary

Fulham Palace Trust runs a number of public events each year. Following a successful expansion of these events over the past two years, we're looking to build on this programme further. Large scale public events currently bring approximately 14,000 visitors to the Palace each year and £45,000 surplus as well as additional donation and retail income. In addition, we are building our reputation as a venue for major music concerts and festivals

We're also promoting the site as a location for filming and photography and would like someone to build on our initial successes to make Fulham Palace a premier location for commercial filming and photography.

Reporting to the commercial and visitor experience manager (CVEM), you will develop and co-ordinate large public events and manage photo shoots and filming taking place on site.

We are a small team, so we need someone who is hands-on and practical and will get involved with delivery themselves.
