

REMAP is a national charity which helps around 3500 disabled people every year to achieve greater independence and a better quality of life.

Established in 1964, REMAP is the UK's only charity providing innovative, custom made and personalised equipment for disabled people.

To meet the unique needs of disabled individuals, our dedicated volunteer makers design and create equipment when no commercial alternative exists, at no cost to the individuals we help. To see how we help visit our website: www.remap.org.uk

About REMAP Branches

We have over 60 REMAP branches across the UK and all of our branches are led by volunteers, who dedicate their time and skills to supporting disabled people in their local area.

Each REMAP local branch is led by a branch Chair supported by a variety of volunteers in roles such as vice chairs, fundraisers, publicists, secretaries, treasurers, etc.. Tasks and roles are flexible.

What are we looking for?

If you are **interested in publicity and marketing**, you are approachable, want to meet people, and make a real difference then please volunteer!

Time, location and support

The Publicity & Marketing volunteers play an essential role in publicising and raising awareness of REMAP's local branch activities.

The role is based in your local area. There are no set shifts. It is a mixture of remote and face to face monthly meetings. **Tasks and time commitments are flexible.** You will receive a local Branch induction, and ongoing support.

Skills & qualities

- Confident using Microsoft Office, the internet and email
- Confident using social media platforms
- Warm, approachable and confident to engage with clients to gather their story
- Able to follow REMAP policies and procedures
- Committed to equality, equity, inclusion and policy practices
- Able to keep people's personal details safe

"Ethan is delighted to be able to draw on his own, and my fridge is now covered with all his pictures."
