# Management Committee Member (Fundraising or Campaigns)

# Right to Remain Recruitment Pack

# September 2026

Do you want to work with us to achieve our vision of a world in which everyone can exercise their right to remain where they need to be with dignity and humanity?

Right to Remain is seeking a member to join our Management Committee (MC) with specific expertise in EITHER fundraising strategy OR campaign leadership. As a Trustee, you will provide strategic governance while actively leveraging your network and skills either to secure resources or to amplify our mission for migrant justice. You will work alongside the MC to ensure the organization remains financially sustainable and politically impactful in its support of communities navigating the UK's immigration and asylum system.

## About Right to Remain

Right to Remain is a national migration justice organisation working with communities and groups across the UK. As a key organisation within the migration justice movement, we combine public legal education, strategic convening and lived-experience-led organising to build knowledge, solidarity and power, enabling people to navigate the immigration and asylum system and challenge injustice. We are a registered charity (1192934).

Founded in 1995 as the National Coalition of Anti-Deportation Campaigns, we are a small but influential organisation with a strong track record of adapting to change while remaining grounded in the needs and priorities of the communities we serve.

Our 2024–29 strategy is built around three core goals: **building knowledge, building solidarity and building power**. As the challenges facing migrants and refugees continue to evolve, we are seeking Management Committee members who can bring strategic insight, sound judgement and a commitment to our values to help shape our future

## About our Management Committee

Our Management Committee plays a vital role in the governance of Right to Remain, ensuring we remain true to our vision, values and strategic objectives. Working closely with the Director and staff team, Committee members provide oversight, support and constructive challenge to help the organisation thrive as a key organisation within the migration justice movement.

Management Committee members share collective responsibility for the organisation and are expected to act in its best interests at all times. As a small charity, members contribute both during and between meetings, drawing on their skills and expertise to support the organisation's development and sustainability.

**Time commitment:** approximately 6-8 hours per month, including six Board meetings per year, preparation and follow-up, and occasional involvement in working groups or ad hoc support. Committee members are appointed for a one-year term, renewable annually. This is a voluntary role, with reasonable expenses reimbursed
