Safeguarding Lead

Every day...

we're here for people affected by Motor Neurone Disease (MND).

A diagnosis of MND brings home the preciousness of every day. So we do all we can to make every day count. We bring understanding and guidance. We deliver practical and financial support. We raise awareness and campaign for better care. We're not just here for now – as the UK's leading charity funder of MND research, we're striving for breakthroughs to develop new treatments and, ultimately, a cure.

MND moves fast. It takes away time, it takes away independence and it has no cure. Every piece of support, every research project, every pound raised, every kind word, and every day lived well...

matters.

Hello

Tanya Curry
Chief Executive

“We’re really pleased you’re interested in joining us and using your expertise, knowledge and time to make a difference to people affected by MND.

We are a charity with big ambitions and are committed to our vision of a world free from MND - we need a strong team to deliver that.

If you’re a great fit for this role, and us, we hope to meet you soon!”

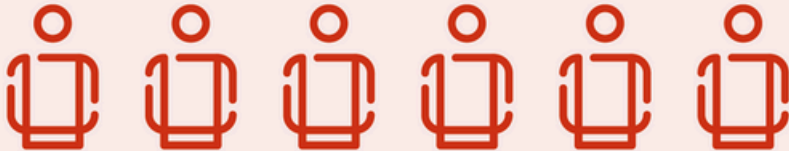

Our vision
A world free
from MND.

Our mission
Everyone
with MND has
choice and
control today,
and a future
driven by
research and
innovation.

What is MND?

Today, six people

will be told they have MND and six people will die from the disease.

People with MND may lose their voice and movement.

And ultimately, their ability to breathe.

A third of people will die within a year of diagnosis.

More than half will die within two years.

MND is a fatal rapidly, progressing disease.

It affects the brain and spinal cord.

MND doesn't discriminate.

It affects people from all backgrounds and at all ages.

**There is no cure for MND.
Together we can change that.**

Our values

Four values guide everything we do, and the way we do it. From how we behave day-to-day, to strategic decisions about our priorities, our values shape it all.

We're one strong team.

We work together as one MND Association – a community of people affected by MND, staff, volunteers and partners. We share a common vision and direction. We value diversity. We support each other. We are collaborative and work in partnership with external organisations and with professionals, scientists and others to further our impact.

We make every day count.

Time is precious. We make the most of it to help people with MND. We are proactive, responsive and efficient. We listen to what people need and support them in doing what's important. We deliver at pace, but take the time needed to do things thoroughly. Every day we create impact for people with MND.

We think big.

We are the UK's leading MND charity. People look to us for expertise and inspiration. We support new approaches, new treatments and new understanding. We are bold and ambitious – we think big and make ideas happen. We go beyond what's expected to find new and better ways of doing things. We help set standards, influence care and drive change to shape a better future for people with MND.

We are determined.

People affected by MND are at the heart of all we do. We work with determination and a drive to make a difference. We have compassion and treat people with dignity and kindness. Every interaction is a chance to show that people affected by MND are heard and valued.

Job description

Job title:	Safeguarding Lead
Salary:	£58,700 per annum
Location:	Northampton
Contract:	Permanent
Hours:	Full time
Reports to:	Director of People, Culture and Inclusion

Job purpose

The Safeguarding Lead is the Association's lead expert and advisor on safeguarding, accountable for setting strategic direction and ensuring effective safeguarding practice across the organisation.

The role will continue to promote and maintain a proactive safeguarding culture through the development and oversight of strategy, policy, systems, and assurance frameworks.

The postholder will ensure the Board, ELT and wider Association are clear on, and meet, their statutory and regulatory safeguarding responsibilities.

Main responsibilities

- Lead the development, implementation and continuous review of the Association’s safeguarding strategy, aligned to organisational priorities
- Lead on the coordination and organisational response to serious safeguarding incidents, including referrals, reporting to regulators and oversight of internal/externally commissioned reviews, ensuring learning is embedded
- Provide expert safeguarding advice and support as the ‘subject matter expert’ across the organisation, enabling all Association staff and volunteers to ensure that any adults or children at risk of harm involved are provided with the support and care needed
- Lead the Association’s Safeguarding Board to develop and produce a suite of Safeguarding Standards for the Association, tested by means of a Safeguarding Action Plan, to be updated annually
- Work in partnership with ELT and the Safeguarding Trustee to ensure safeguarding awareness at all levels of the organisation
- Engage with staff and volunteers at a local and national level across the Association, as well as with key external stakeholders and partners, to influence compliance with safeguarding policies and procedures
- Work collaboratively with HR and Volunteering on safeguarding and safer recruitment practices
- Working with ELT, provide high-quality safeguarding assurance reporting including performance data, risk analysis and insights to the Safeguarding Board, Trustees and relevant Committees
- Work collaboratively with L&D to design, develop and deliver compliant safeguarding inductions and training to all relevant roles and teams across the Association as required.
- Maintain, review and implement safeguarding policies and procedures, and support their adoption across the breadth of the Association, ensuring they are legally compliant, aligned with regulatory requirements and promote best practice in the field.
- Develop and oversee safeguarding quality assurance frameworks, including audits, case reviews and compliance checks
- Ensure best practice approaches by maintaining a high level of safeguarding awareness and related training through connection with other Safeguarding Leads.
- Provide constructive challenge and independent safeguarding oversight to leaders and teams where safeguarding practice, decision-making or risk management requires improvement.
- Monitor, review and implement the Association’s risk management and reporting through the maintenance of effective internal recording and reporting systems

Essential criteria

- Experience of working in a senior safeguarding role with an excellent understanding of safeguarding and associated legislation
- Significant experience of working within multi-agency safeguarding environments and partnerships
- Experience of managing serious safeguarding incidents and contributing to or leading safeguarding reviews, ensuring learning is embedded into practice
- Strong experience of providing safeguarding assurance to Boards and ELT, including development of KPIs, dashboards and performance reporting
- Confident to challenge and advocate, with the ability to remain resilient through complex situations
- Proven ability to develop and deliver organisational safeguarding strategy aligning with wider organisational objectives
- Experience of analysing safeguarding data identifying trends and translating insights into organisational learning and risk mitigation

Animals in research

We understand that not everyone agrees with the use of animals in research. So, it's important to make you aware that some of the research that we fund involves animals.

MND is complex and, at the moment, animal models are still one of the most powerful tools used to help us understand, prevent and one day cure MND. Much of the progress made to date would not have been possible without them.

Inclusive recruitment

We're committed to providing everyone with the opportunity to compete fairly for roles.

- We're committed to providing everyone with the opportunity to compete fairly for roles.
