Senior Campaigns Adviser

Every day...

we're here for people affected by Motor Neurone Disease (MND).

A diagnosis of MND brings home the preciousness of every day. So we do all we can to make every day count. We bring understanding and guidance. We deliver practical and financial support. We raise awareness and campaign for better care. We're not just here for now – as the UK's leading charity funder of MND research, we're striving for breakthroughs to develop new treatments and, ultimately, a cure.

MND moves fast. It takes away time, it takes away independence and it has no cure. Every piece of support, every research project, every pound raised, every kind word, and every day lived well...

matters.

Hello

Tanya Curry
Chief Executive

“We’re really pleased you’re interested in joining us and using your expertise, knowledge and time to make a difference to people affected by MND.

We are a charity with big ambitions and are committed to our vision of a world free from MND - we need a strong team to deliver that.

If you’re a great fit for this role, and us, we hope to meet you soon!”

Our vision
A world free
from MND.

Our mission
Everyone
with MND has
choice and
control today,
and a future
driven by
research and
innovation.

What is MND?

Today, six people

will be told they have MND and six people will die from the disease.

People with MND may lose their voice and movement.

And ultimately, their ability to breathe.

A third of people will die within a year of diagnosis.

More than half will die within two years.

MND is a fatal rapidly, progressing disease.

It affects the brain and spinal cord.

MND doesn't discriminate.

It affects people from all backgrounds and at all ages.

**There is no cure for MND.
Together we can change that.**

Our values

Four values guide everything we do, and the way we do it. From how we behave day-to-day, to strategic decisions about our priorities, our values shape it all.

We're one strong team.

We work together as one MND Association – a community of people affected by MND, staff, volunteers and partners. We share a common vision and direction. We value diversity. We support each other. We are collaborative and work in partnership with external organisations and with professionals, scientists and others to further our impact.

We make every day count.

Time is precious. We make the most of it to help people with MND. We are proactive, responsive and efficient. We listen to what people need and support them in doing what's important. We deliver at pace, but take the time needed to do things thoroughly. Every day we create impact for people with MND.

We think big.

We are the UK's leading MND charity. People look to us for expertise and inspiration. We support new approaches, new treatments and new understanding. We are bold and ambitious – we think big and make ideas happen. We go beyond what's expected to find new and better ways of doing things. We help set standards, influence care and drive change to shape a better future for people with MND.

We are determined.

People affected by MND are at the heart of all we do. We work with determination and a drive to make a difference. We have compassion and treat people with dignity and kindness. Every interaction is a chance to show that people affected by MND are heard and valued.
