Horatio's Garden

Nurturing lives after spinal injury

Senior Public Fundraising Manager

After the devastating blow of a spinal injury, the future can seem bleak. Horatio's Garden creates and runs beautiful vibrant gardens outside the sterility of NHS spinal injury centres. Places where you can begin to find connection, enjoyment and peace. We are here to open up the possibility that despite everything life can go on.

Our brilliant team of fundraisers have flown over the past 5 years, growing income and creating a fantastic programme of activity that offers many ways for people to support the charity.

We want to add another exceptional person to our team. You will be excited by the challenge of growing our mass participation portfolio and adding new ideas alongside building our regular giving community which has doubled over the last 3 years.
