

# Senior Youth Worker Application Pack

Dear Applicant,

Thank you for your interest in working with Peer Power Youth. This pack contains information about the role and how to apply.

Peer Power Youth was founded as a response to what children and young people across England and Wales said needed to change to improve support services like youth justice, mental health and social care, and because of my own lived experience of adversity and trauma. We are a diverse and friendly team, and the successful applicant can expect to work in a flexible, positive, and wellbeing-focussed environment with generous staff benefits. More on these [here](#).

It's an exciting time to join Peer Power Youth as a **Senior Youth Worker** as we begin developing our new strategic plan. We are keen to find the right people who live our values, are passionate about empathy, relationships and shared decision making, committed to social justice, and have a deep understanding of the effects of inequality for young people especially those linked to systemic oppression and experiences of Youth Justice, Children's Social Care and Health systems.

We are embedding anti-racist and anti-oppressive practices across our business plan, projects, policies and recruitment processes, and are committed to being an equitable workplace. Our recruitment process is built to eliminate unconscious bias, e.g. applications are anonymised before review by the panel. We encourage applications from people who are underrepresented in the charity sector, and particularly those who have lived experience of the systems it is our mission to change, such as in justice, social care or healthcare.

Even if you feel you don't meet all the essential criteria, please do still apply or get in touch for a chat to discuss if you feel called to the role. Please also

let us know if we can do anything at any stage to make the application process more accessible for you.

With our kindest wishes,

Anne-Marie Douglas & Nic Kidston, Co-CEOs

## About Peer Power Youth

Peer Power Youth is a charity with national impact, that leads with empathy and does vital work to support young people who have experienced trauma.

We provide young people with life skills, training and work experience. We work together to create real change for others in mental health services, justice and social services. You can learn more about us at our socials or our website [here](#).

We care for young people, sometimes at the most difficult times in their lives, and we give them the time they need, for as long as they need. We build on strength and lead with empathy, which means that we know what's needed to build trusted relationships and improve support services, because many of us have had similar experiences.

At Peer Power Youth, everything we do is centred around young people and we work alongside young people who have designed and developed our organisation from the start. We want to make sure that the young people who are not usually heard in society ARE heard.

We are a small charity of around 16 people in the core team across London and the Southeast. We work in the community, in justice or care system settings, and in the office or from home dependent upon the role. Most people work 3-4 days a week dependent on their weekly hours, and we offer flexible working.

## About the role of Senior Youth Worker

You'll be working alongside Youth Worker colleagues to develop strong, trusted and caring relationships with a cohort of young people, and you will ensure that activities are co-created, creative, safe, inclusive, and develop the skills and expertise of the young people involved.

It's a great time to join Peer Power Youth! We have recently secured key funding to strengthen and develop the charity and deepen our impact for system change and positive change for young people. During 2024 we will be co-creating an ambitious new strategy and vision ahead for 2025 –2030. You can support this as part of our valued community that spans young partners, trustees, advisory forum and our staff team.
