

Shop manager

Too many older people have no one to turn to for support. We believe no older person should have to struggle alone. We're Age UK, the UK's leading charity for older people. We provide information, support, friendship and advice when it's needed most. Our services are a lifeline – could you help us reach even more people who need us?

The job, in a nutshell

To maximise store sales and profits as well as manage the day to day running of the store and represent Age UK as an efficient and charitable organisation by ensuring that your actions reinforce the Age UK values and beliefs.

Often the only paid member of staff, our managers are comfortable in this environment, really enjoy working with others and are great at delegating to their teams.
