

Carers
First

Candidate Pack
Team Lead
Southend on Sea

Welcome

Thank you for your interest in working for Carers First as our next Team Lead in Southend on Sea.

This is an exciting time to be joining the charity as we are in the final year of delivering our ambitious three year strategy and starting to look at our goals for the future. Over the last three years we have considerably grown our reach and support for carers, evolved our operations, forged new partnerships and improved our ability to measure the impact of our support, with and for, carers.

If you have the passion and drive to make a difference and you have the experience and skills we are looking for, we are keen to meet you - and welcome you to our dedicated and talented team.

Warmest wishes

Alison Taylor
Chief Executive

About us

We understand that life as a carer can be challenging. Getting the support and help you need shouldn't be.

Any of our lives could be turned upside down due to the ill-health, frailty or disability of a family member or friend. In fact, two in three of us can expect to become a carer in our lifetime.

There are currently 5.5 million unpaid carers in the UK, however carer charities estimate that number could be as high as 10.6 million. Their huge contribution saves our economy £162 billion each year - the cost of a second NHS. Each carer's needs and situation are unique, but many face similar challenges. They can struggle to balance employment, finances, or their own wellbeing and time for themselves with their caring role. They may not be aware of the help and support available to them - and that is why we are here.

Carers First works directly with, and for, thousands of carers, providing personalised information and tailored support in the way that suits them: online, on the phone, or face to face in their local community. With the help of our supporters and volunteers, we can continue to be there for carers, helping them find balance, and to live their lives to the fullest - today, and for years to come.

Our values

We are:

Positive

We are dedicated to working with carers to make a positive, material difference in their lives. We celebrate diversity and work in an inclusive, positive and supportive way, actively listening and valuing everyone's contribution.

Collaborative

We recognise the importance and strength of working in collaboration with local and national organisations to deliver improved support to carers. We also know the importance of collaborating with our Carers First colleagues, sharing knowledge and learning, being curious, respecting differences and working with integrity and transparency.

Ambitious

We are ambitious and tenacious in our determination to support more carers in better ways. We will innovate and develop our programmes of support so more carers are able to obtain the support they need, at the time they need it, to achieve a balance in their lives and enable them to live their lives to the fullest.

Diversity and Inclusion

We are proud to be a diverse and inclusive workplace.

Carers First is committed to promoting equal opportunities in employment. Employees and any job applicants will receive equal treatment regardless of age, disability, gender reassignment, marital or civil partner status, pregnancy or maternity, race, colour, nationality, ethnic or national origin, religion or belief, sex or sexual orientation (Protected Characteristics).

Carers First has an absolute commitment to equality and diversity which is about:

- Recognising and valuing difference.
- Recognising and seeking to redress inequality and disadvantage.

Our commitment is firmly founded on our belief that:

- To offer services that are personal, committed and creative we need a diverse staff team who can respond to our carers as individuals.
- To attract, keep and motivate the most talented staff, we need to:
 - Reach out to all sections of the community.
 - Provide a working environment in which everyone feels valued, respected and able to contribute.

Both as a service provider and an employer, we aim to be empowering, supportive and to offer as much flexibility as possible in order to help everyone realise their full potential as carers or

employees of Carers First.

The charity recognises that true diversity in service delivery provision and within the staff group also involves a willingness to act, where necessary, at combating the effects of existing barriers to fair and equal treatment.

Our strategy 2021-24

In April 2021, Carers First introduced our three-year strategy, to spell out exactly how we will help more carers access the vital support and services they need so we can make a real difference to their lives.

It is important to us that our strategy was developed by a range of people from staff, trustees and funders but also colleagues in social care, health, schools and, most importantly, carers themselves.

With their collective views and opinions, we've formed a strategy that will enable us to reach and support significantly more carers and make a positive, material difference to their lives.

Strategic Objectives

The Carers First strategy builds upon our successful past and enables us to reach and support significantly more carers, deliver new services and programmes, forge new collaborations to increase our impact and to grow and diversify the funding base of the charity.

We are unrelentingly focusing on **five objectives**:

1. Recognise and reach greater numbers of carers, at the earliest opportunity
2. Enhance our support to carers to make a material difference in their lives
3. Raise the profile of Carers First and its work, to secure support for carers in collaboration with other organisations
4. Develop a vibrant, supported, inclusive and high performing team
5. Grow our financial sustainability and strengthen efficiency of our operations

Our services will be designed with carers, ensuring the support we offer is inclusive and accessible to all carers in different communities.

By joining Carers First, you will play a vital part in helping us achieve this. You can help us achieve something amazing.

Our impact and reach

Last year, we reached over **274,000 carers** which exceeds our 2024 strategy target of 250,000 a year early. We have been able to make a material difference in carers' lives and we can evidence that carers feel more confident, informed and resilient in their caring role and that we are maintaining and improving their Carers Star score.

We are growing, and currently have over **45,000 carers registered** with us.

Join our team

When you join Carers First, you join a vibrant, inclusive, and supportive team who all have a shared interest in supporting unpaid carers to continue living their lives to the fullest, across the country.

In a community dedicated to caring, we believe that our employees and volunteers really do make a difference, therefore, we emphasise the importance of learning and development, as well as actively encouraging them to develop their skills with our fantastic learning and development programme. This means that all of our team become the best that they can be, whilst helping others do the same.
