

Trusts and Foundations Officer

About us

Greyhound Rescue Wales (GRW) is Wales' leading charity dedicated to rescuing, rehabilitating and rehoming greyhounds and lurchers. Founded in 1993, we have spent more than three decades championing the welfare of sighthounds and working towards our vision: a Wales without greyhound racing, where every greyhound and lurcher has a home and receives the best possible care.

In April 2026, after 25 years of determined campaigning to improve welfare and regulation within the racing industry, legislation to ban greyhound racing in Wales was finally passed. This landmark achievement marks the beginning of a new chapter for GRW as we expand our reach and capacity across the UK to ensure every greyhound leaving the racing industry has a rescue space, medical support and rehabilitation on the journey towards their forever home.

To help us grow sustainably and strengthen our long-term impact, we are now seeking to develop our fundraising team with the creation of a Trusts and Foundations Officer. This role will play a key part in increasing and diversifying our income, enabling us to rescue, rehabilitate and rehome even more dogs during this pivotal moment in our charity's history.
