

Join our team to help more young people access a fun, enjoyable, high quality programme.

UK Lead for Beaver
Scouts

The Programme Team

Programme is the totality of what young people do in Scouting. Alongside People and Perception, it is one of the pillars underpinning our strategic plan. By 2025, our 'Skills for Life' strategic plan commits us to preparing more young people with skills for life, supported by amazing leaders who deliver an inspiring programme. We will be growing, more inclusive, shaped by young people and making a bigger impact in our communities.

The aim of the Programme pillar is to provide a fun, enjoyable, high-quality programme consistently delivered and supported by simple (digital) tools.

As a Programme Delivery Team we are a fun, fast paced team of 10, focused on designing, developing and supporting delivery of high quality programme that is relevant to young people, grounded in the best non-formal education practices and supports our [theory of change](#).

I truly believe that Scouts has a massive part in changing the world for good.

Ollie Smith - Programme Delivery Team Leader

Some of our goals include:

- 50% of our young people achieving their Top Awards, taking part in Community Impact projects and shaping their Scouting experience
- Volunteer Programme Support roles get the support they need to enhance programme quality and delivery in their area.
- Local sections teams can access programme support outside their District and County (particularly for areas where this support is not available).
- The number of nights away and adventurous activity our young people take part in increases.
- We embed Squirrels, ensuring our early years programme has as much impact as possible and reaches young people who could benefit the most.
- We know there are so many volunteers supporting and delivering the programme which provides young people across the UK with vital skills for life.

Programme Team

We're looking for people who care deeply about the programme, and the outcomes young people achieve as a result. We need someone really inspiring – like yourself, to support teams in making the programme easier to deliver.

You'll be helping to shape how we help young people develop skills for life. If you're still reading, then you obviously have an interest in what our young people take part in – so we would love to hear from you.

We want to make sure you feel supported, empowered, and that you enjoy your time volunteering beyond your local community, at a UK level. You'll be part of a friendly team of volunteers and staff members who will support you in your role. We will cover your expenses (all travel and out of pocket expenses associated with the role, according to the expenses policy) and support any other adjustments we can make to enable you to volunteer with us.

UK Lead for Beaver Scout

The role will be overseeing the Beaver Section across the UK, supporting as many young people to achieve their top awards as possible. This is done by focusing on supporting volunteers on the ground to deliver a top quality programme.

We're looking for someone to champion this section. you will drive uptake of HQ resources that help us to meet our strategic goals. You will also find ways to hear the realities of local delivery, feeding back what is working and what isn't so we can continually improve the support we give local Scouting.

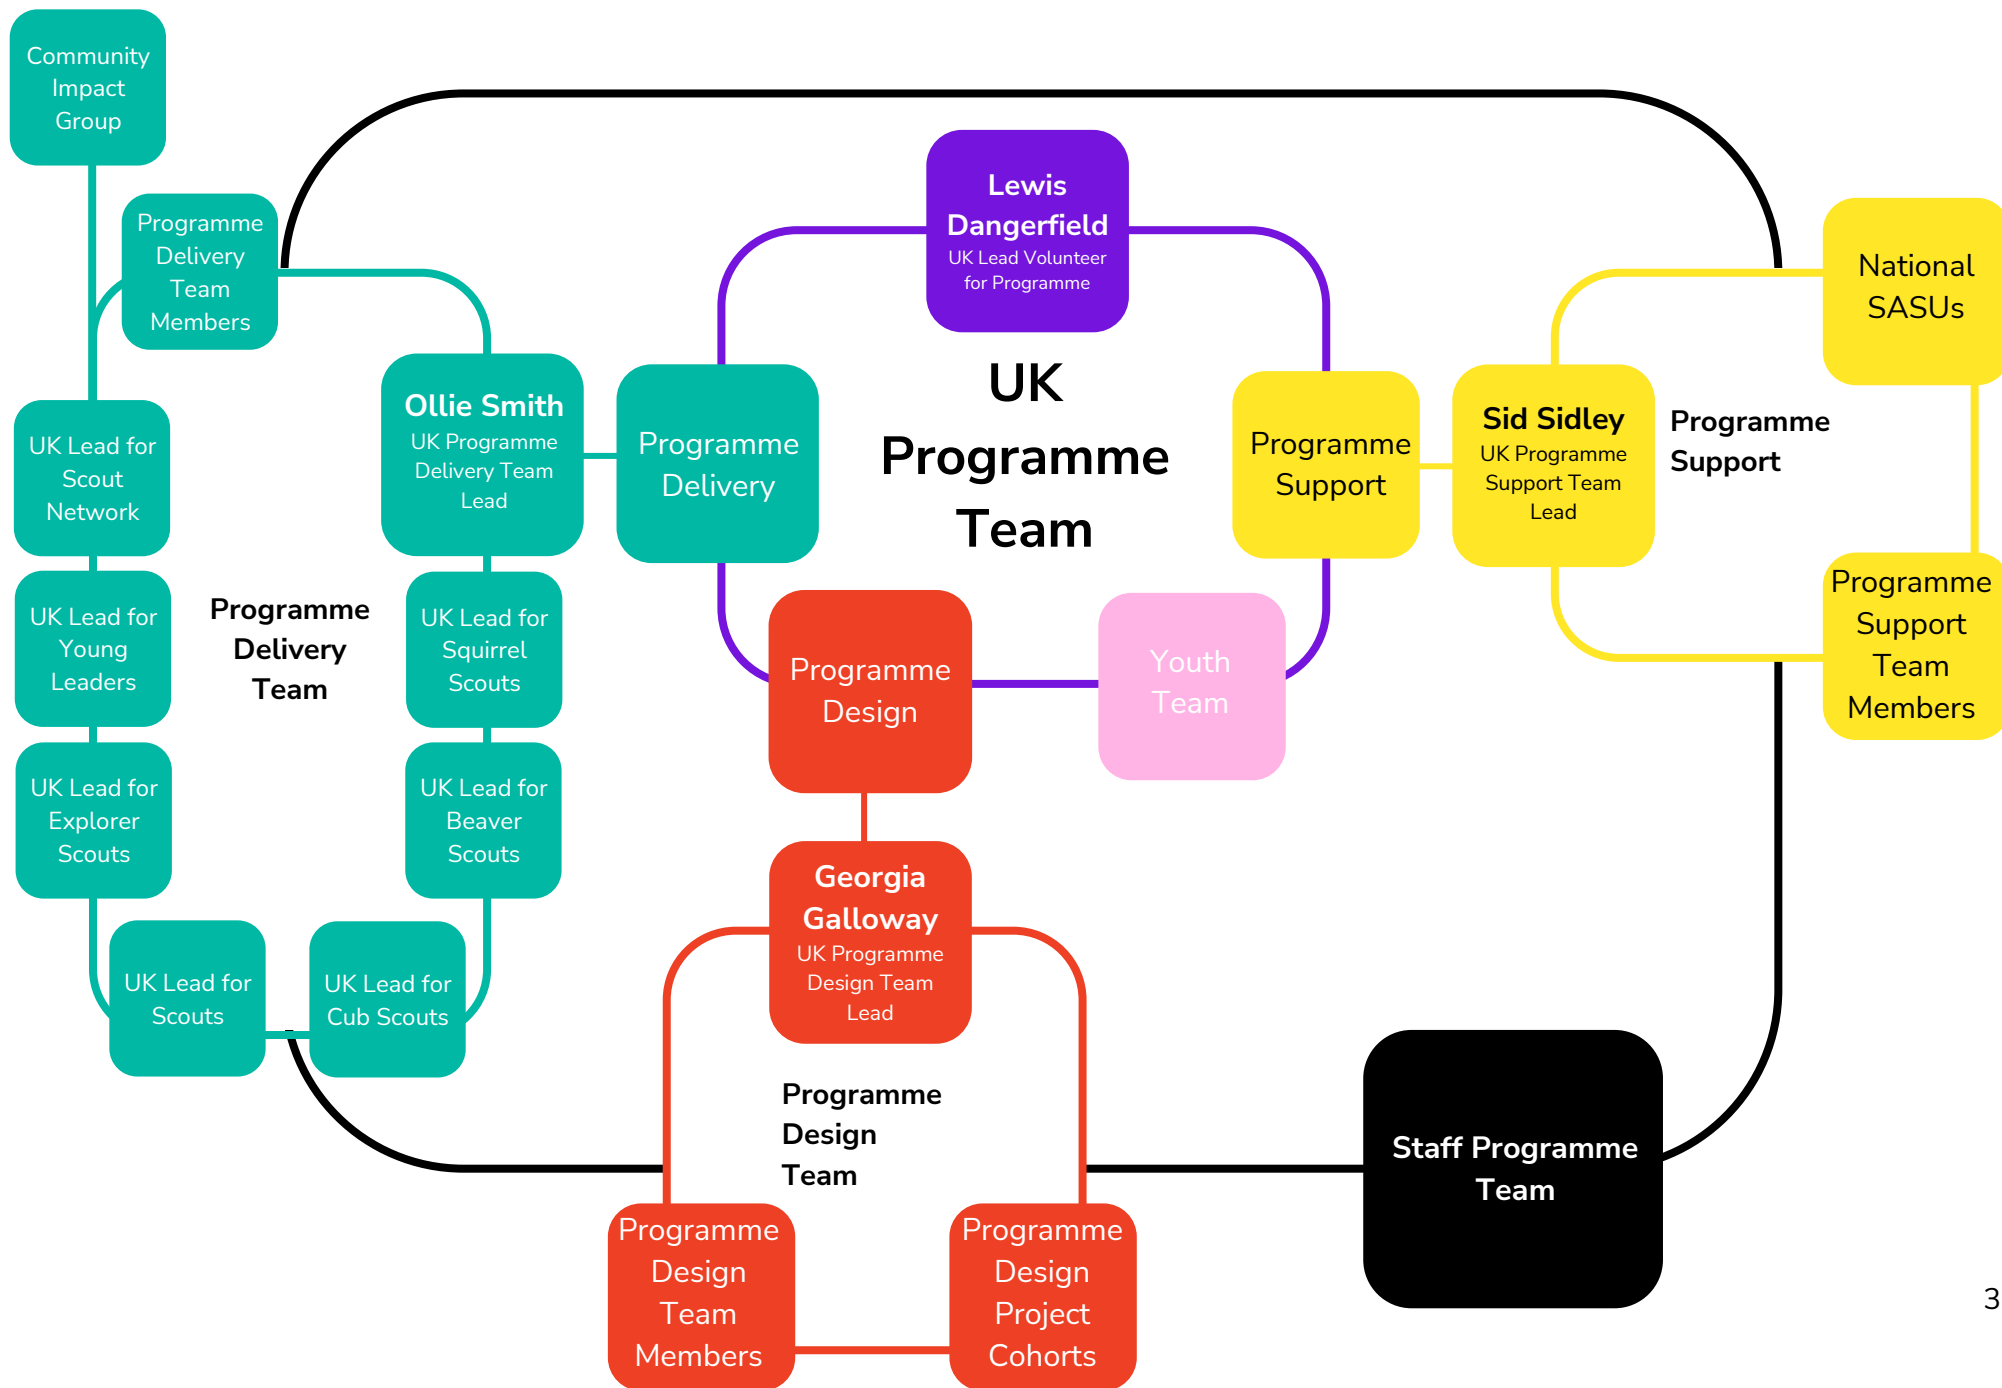

This is a delivery and “doing” role, working towards our goals of:

- Increasing top awards through a quality Programme
- Supporting UK Scouts give better programme delivery support roles.
- Engaging programme line managers directly on the topic of Top Awards and quality programme
- Increase of sectional Community Impact, increase proportion of section.
- Increase the number of adventurous activities and nights away.
- Increase uptake of Young Leader support and engagement.
- Increase Youth Shaped across all levels of Scouting in the programme.

Working in Partnership

We are at our best when we marry the lived experience of our volunteers and young people with the professional expertise of our staff. So, whilst we try to make the best of both perspectives, both staff and volunteers have fair expectations regarding availability, capacity, decision making and accountability. In practical terms, this means that the UK Programme Team Leader roles are more likely to be involved in decision making and strategy and will hold relationships with senior staff and volunteer colleagues. Team Member roles are more likely to be involved in delivery, supporting local volunteers and getting things done; very much a 'doing' role.

Programme Team Structure (Volunteer)

How to get involved

Expression of interest

To let us know you're interested in getting involved please add your details to this quick [Expression of Interest Form](#) and [Diversity Monitoring Form](#). If you can't use the online form, get in touch with us using the details below. The closing date for applications is **9th September 2024**.
