# THE POST OVERVIEW

## Programme Coordinator

### The Charity

MOVE AGAINST CANCER Charity (MOVE) is looking for an experienced, dynamic and motivated Programme Coordinator with the passion and the skills to support our small teams and programmes. We have a fantastic opportunity for an experienced individual with a strong administration background to join our growing team.

We are looking for an exceptional individual with administration, data management, logistics experience, organisational skills and someone who can provide valuable support across our programmes as we grow.

The MOVE Team is a strong and motivated team, who love MOVE Charity and the difference we make, and are building a strong network of passionate and skilled volunteers to support our programmes and community.

# INTRODUCTION

## Our Journey

MOVE Charity supports, inspires and empowers people impacted by cancer to Move Against Cancer, because movement matters.

In 2012, Gemma Hillier-Moses, at just 24 years old, faced a life changing cancer diagnosis (Burkitt lymphoma). As an international athlete, Gemma wanted support to stay active during her treatment and regain her fitness after her treatment, but this support didn't exist. Gemma's experience ignited her passion and determination to help others understand and experience the benefits of an active lifestyle while navigating life during and after cancer treatment

To do this, Gemma founded **MOVE** charity in 2016 with the support of her family and founding trustees Dr Fiona Miall; her father, Nigel Hillier and Dr Clare Stevinson. MOVE charity's early mission was to support children and young people through cancer rehabilitation and has evolved from small group, face to face meet ups to the innovative and life changing one-to-one **MOVE Online Rehabilitation Programme** for young people aged 13-30 led by cancer rehab specialists.

# INTRODUCTION

In June 2018, the second phase of MOVE charity started when, in collaboration with Dr Lucy Gossage, we launched the **5k Your Way, Move Against Cancer initiative** linked to parkrun. As a consultant oncologist with a background as a professional triathlete Lucy believes passionately in the power of movement for those living with and beyond cancer and wanted to find a way to challenge the myth that 'rest is best'.

Lucy and Gemma's vision was to create an empowering and inspiring active cancer support group. Together, they founded 5K Your Way—a community initiative that encourages anyone impacted by cancer to live an active and fulfilling lifestyle. The 5KYW groups take place on the last Saturday of every month and they inspire and empower individuals to walk, jog, run, cheer, or volunteer, fostering a supportive environment.

At MOVE Charity, we strive to change the perception of living with and beyond cancer. We believe that every person diagnosed with cancer should be informed and offered support around the benefits of being active during and after treatment, and we are committed to providing support and guidance to help them achieve that. We now have over 95 groups across the UK.

# Our Supporters

Amy Harding, Director of Services & Impact, Teenage Cancer Trust

“Teenage Cancer Trust has worked closely with MOVE Charity since it was founded in 2016. They have provided support to young people across the UK at many of our national support events and we know through feedback from young people the difference this makes. MOVE Charity has a real energy and passion for supporting young people with cancer and we look forward to working with them this year and in the future.”
