RESEARCH UK** **FOR A
CURE**

WELCOME TO ARUK

If nothing changes, one in two of us will be directly affected by dementia – either by caring for someone with the condition, developing it ourselves, or both. Alzheimer's Research UK exists to change that.

As the UK's leading dementia research charity, we're working to revolutionise the way we treat, diagnose, and prevent dementia. But we won't stop there. We will keep going until we find a cure.

Working for Alzheimer's Research UK, you can be part of a team that is:

- Funding world-leading research into dementia across the UK and beyond. Our Research Network brings together nearly 3,000 dementia researchers, to share ideas, collaborate and accelerate our search for a cure.
- Providing information about dementia to people affected and their families.
- Helping to improve understanding about dementia and the potential for research to cure the diseases that cause it.
- Campaigning to keep dementia research on the political agenda and working to ensure government funding for research is a priority.
- Building a social movement behind our cause, inspiring thousands of people to stand with us to find a cure.
- Providing operational support to enable the charitable objectives to be met.

Alzheimer's Research UK is a fantastic place to work. Our pioneering spirit is reflected in the energy and drive of our employees. As CEO, I am extremely privileged to lead exceptionally talented and passionate teams who have the ambitions and determination to create a world free from dementia. We exist for a cure and, together, we will change lives.

DATABASE OFFICER

JOB DESCRIPTION

Main Purpose of the Role

We are launching our new organization-wide CRM, Salesforce. This is a hugely significant and transformative organisation-wide project that provides the opportunity to grow the way we engage with our supporters.

As the Database Officer, your key purpose in post is to ensure efficient, compliant data management, and effective data processes alongside accurate data capture. You will proactively support, find improvements, and push for efficiencies to allow CRM system users to engage with and effectively manage our supporters. This must be completed with reference to relevant data protection/GDPR laws and within a framework of the most effective data management techniques.

You will play a key role in providing process improvements across teams to enable the further development of an automation programme that speeds up and improves accuracy across imports and exports. You will also be responsible for scoping, defining, and implementing data quality improvements.

Key Responsibilities

- Work with our Extract, Transform, Load (ETL) tool named Clarity Data Transform (CDT) to create data integrations with Salesforce. This will include extensive documentation writeup, testing requirements, and a restrained and disciplined development approach where quality is more important than speed.
- Ensure that any exception files from the CDT automations are triaged and the issues rectified, including escalating issues to the relevant agency, or logging a defect in Jira Software.
- Play a key role in the sprint development team, completing development work in Salesforce as directed and taking part in all sprint development meetings.
- Work with the Database Manager to ensure Direct Debit claims and Gift Aid claims are processed accurately and on the agreed schedule.
- Carry out more complex data loading processes and act as a point of escalation for issues when raised by the Database Executives.
- Critically examine existing processes and drive process improvement across database stakeholders and users.
- Support the Database Manager on database improvement projects, aimed at both improving the quality of data, and teams' processes surrounding their use of Salesforce.
- Provide second line support for the Data Team ticketing system, ensuring tickets are resolved in a timely manner.
- Maintain, enhance, and develop data quality checks and associated processes to improve the integrity and usefulness of the data within Salesforce.
- Support the Database Manager in ensuring data management best practice is incorporated into each teams' processes.
- Other data management tasks from time to time as identified by the Database Manager

Additional Responsibilities:

- Champion the principles equity, diversity and inclusion in all aspects of the role.
- Continuously develop professional knowledge and skills by on-the-job learning, attending relevant network groups, meetings, and conferences.
- Undertake any other duties, initiatives, and projects in line with the responsibilities of the role.

PERSON SPECIFICATION

Knowledge and Experience:

Essential:

- Knowledge of relational databases, CRM systems and/or large datasets.
- Knowledge and understanding of ETL tools and practices.
- Understanding of data protection/GDPR legislation and its implementation.
- Knowledge and understanding of SQL.
- Experience of using Salesforce or similar CRM systems.
- Experience providing support and training to end users.
- Experience using a ticketing system, such as Jira Service Desk.

Desirable:

- Knowledge and understanding of Salesforce and the Salesforce data model, specifically the Nonprofit Success Pack.
- Knowledge of the Snowflake Platform.
- Knowledge of Agile methodologies, in particular working in SCRUM.
- Knowledge of Agile development tools such as JIRA Software and JIRA Service Desk.
- Knowledge of DevOps or DataOps principals.
- Experience of using Clarity Data Transform (CDT).
- Experience of process improvement and automation.
- Experience of working in the charity sector and/or understanding of fundraising techniques and programmes.

Skills and Personal Attributes:

Essential:

- Excellent verbal and written communication skills.
- Ability to manage multiple tasks simultaneously.
- A creative, positive, and proactive approach to problem solving.
- Logical and process orientated.
- Good self-awareness with a willingness to learn new skills.
- Excellent internal stakeholder management skills.
- Proven ability to work to a high standard and with an excellent eye for detail.

Desirable:

- Advanced Excel skills.
- APEX or other object-orientated programming language skills.

WORKING AT ARUK

BENEFITS

Alzheimer's Research UK would not be able to achieve its vision or accelerate progress towards a cure without the talent and dedication of its employees. It is therefore important to offer a range of benefits which are designed to meet both the organisational and individual needs, are market competitive and designed to attract and retain employees.

HOLIDAY ENTITLEMENT

Employees receive 25 days holiday per annum, plus the Statutory Public Holidays. For every 3, 6 and 9 years worked, employees will receive 1 additional day's leave. There is also the option to buy up to 5 additional days holiday per year or carry over 5 days holiday to the following year. This holiday entitlement is pro-rated for new starters and part-time employees.

HEALTHCARE

Employees are offered **Private Medical Insurance**, a **Health Cash Plan**, **Life Insurance** and **Income Protection**. Our **Employee Assistance Programme** provides employees and their family members additional support on problems which may be impacting their work/home life, health and wellbeing and is available 24 hours a day, 365 days a year.

SICK PAY

We offer enhanced Company Sick Pay, where employees receive their normal pay for up to 13 weeks (65 days) of absence through illness in any rolling 12-month period. This is pro-rated for part-time employees.

PENSION

Subject to the eligibility criteria, employees are enrolled in our pension scheme but can opt out if they so wish. The charity contributes 5% and employees contribute a minimum of 4%.

CYCLE TO WORK SCHEME

Employees can purchase a commuter bike, clothing and accessories, whilst spreading the cost over a 12-month period and making savings through a tax break.

FAMILY FRIENDLY POLICIES

Our Family Friendly Policies have been designed to support employees by offering different types of leave that may be taken. Subject to the eligibility criteria, we also offer enhanced pay.

LEARNING & DEVELOPMENT

My Learning, Our Breakthroughs programme has been designed to enable employees to develop their skills, knowledge and behaviours, add value and drive organisational success.

TERMS OF APPOINTMENT

- Contract Type:** Permanent
- Salary:** Circa £32,000 per annum
- Working Hours:** 35 hours per week
- Ways of working:** As part of our Agile ways of working you will be required to work approximately 2 days a week from the office, which is subject to the requirements of the role and the business needs. Flexibility on where you work can be split between working from home and our office.

Roles that are classed as part of the Agile ways of working are not able to claim any costs for Mileage/Travel on Public Transport, Accommodation and/or Meals. This includes when attending the office for various meetings/events.

OUR OFFICE

Our office is at 3 Riverside, Granta Park, Great Abington, Cambridge, CB21 6AD.

Granta Park sits next to the River Granta and has its own lake and three woodland walks. It is home to a variety of wildlife and has a range of amenities to provide a convenient work-life balance, including Nuffield Health Fitness & Wellbeing Centre and a restaurant.

There is a good public transport system with a frequent bus and train service from the city centre and surrounding areas, along with a commuter bus service which picks up from both Cambridge Train Station and Whittlesford Parkway Station. The park also offers a free car sharing scheme and free parking.

HOW TO APPLY

We value diversity and are committed to creating an inclusive culture where everyone can be themselves and reach their full potential. We actively encourage applications from people of all backgrounds and cultures, in particular those from ethnic minority backgrounds who are currently under-represented. Any offer of employment is however subject to you having the right to work in the UK.

As part of our commitment to be an inclusive employer and ensure fairness and consistency in selecting the best candidate for this role, your CV will be anonymised as part of the selection process. Should you need any adjustments at either the application or interview stage, then please do contact us at recruitment@alzheimersresearchuk.org

To be considered for this role, please create an online account using our Online Recruitment Platform, via your desktop or mobile device, which can be accessed through our [Job Vacancies page](#).

Once you have created your online account, you will be able to apply for this role, and can attach your CV. You will also be able to track your application, view other vacancies and sign up for future job alerts.

Your supporting statement should summarise the following:

- Why you are interested in applying for the role.
- How your skills, knowledge and experience meet the requirements of the person specification.

The closing date for applications is **27th October 2024**, with interviews likely to be held w/c **4th November 2024**. We would encourage you to submit your application at the earliest opportunity as the closing date may be brought forward at any time. Please indicate in your covering letter if you are unable to attend an interview on a certain date.

GENERAL DATA PROTECTION REGULATIONS (GDPR)

CVs will be kept by Alzheimer's Research UK in line with the General Data Protection Regulations. Although we will endeavor to consider previous or speculative applications where possible, due to the number we receive, we encourage you to regularly view our website for upcoming opportunities and sign up for future job alerts.
