About Beyond the Streets

Beyond the Streets is a UK charity with over 20 years' experience of partnering with women in the sex industry, to see them safe from coercion, violence and abuse. We deliver trauma-informed, person-centred support, provide training, and create resources and reports informed by research, lived experience, and practitioner experience.

The Way We Work

**We collaborate
and share**

**We are women led
and empowering**

**We are
compassionate**

**We listen
and learn**

Beyond the Streets is a charity inspired by Christian values. This belief inspires us to work with acceptance, value and mutual respect for all. We promote a healthy work life balance and regularly reflect on our boundaries and our strategy for the year. We genuinely seek to work as a team and ensure that no one is 'rescuing' or working outside their allocated hours. You will be joining a growing team at Beyond the Streets. We currently have 18 members of staff, with a mix of full-time and part-time working patterns and a team of volunteers.

Violence Against Women and Girls (VAWG) Perspective

At Beyond the Streets, we come in to contact with groups and individuals from various perspectives on selling sex and value this diversity. Having said this, over the years our perspective has developed and has been informed by our service users. We recognise that women's experiences of the sex industry vary but, overall, we view prostitution as a form of 'violence against women and girls' (VAWG) due to the harm we have found to be inherent. Central to this perspective is an understanding of the abuse of power and/or vulnerability faced by those who are sexually exploited or engaged in survival sex.

Ethos

As a charity inspired by Christian values, we have several key elements that are seen within our work. These are core to our organisational culture and shape our working practices and service delivery.

We seek to show genuine care and be inclusive and recognise the intrinsic value in all people.	We see everyone as equal in diversity and work to see everyone treated in this way.
We believe in transformation and will work to enable people to see positive change in their lives.	We take a long-term approach and see the importance of persevering and celebrating progress.
We see the value of working together, addressing conflict and partnering to see lives changed.	We are sensitive to the misuse of power and recognise the importance of working alongside those we seek to serve.

Whilst these are our organisation's core beliefs, we will never look to impose them on anyone. Anyone looking to join the Beyond the Streets team, either as staff or in a voluntary capacity must respect this ethos and will be expected to work within this framework to assist the charity towards achieving our vision of ending sexual exploitation.

Key Information

Equal Opportunities

Beyond the Streets sets a high standard for both its employment practices and its work, and people are recruited based on their merits, skills and abilities. We work towards ensuring that no job applicant or employee receives less favourable treatment on the grounds of racial group, origin or nationality, disability, marital status, age, sexuality, political, religious beliefs or trade union activity. We are committed to building a diverse team, so encourage applications from candidates with lived experience of selling sex and/or sexual exploitation and those from diverse backgrounds including Black, Asian or Minority Ethnic candidates.

Genuine Occupational Requirement (GOR)

Due to nature of this role in working alongside women with lived experience of violence against women, this post is restricted to female applicants only under Section 9 of the Equality Act 2010.

Safeguarding

We take Safeguarding seriously and invest time, training and thought into the way we interact with women and their children. We are continuously learning as we support women in complex and vulnerable spaces.

Lived Experience

We actively seek to recruit a diverse workforce which includes women with Lived Experience. This comes in many forms, but in this context, we refer to those who have had experiences of selling sex and/or sexual exploitation. As an organisation there is no expectation on individuals with Lived Experience to publicly draw on this experience in their work for Beyond the Streets, and we follow your lead on how much you want to share your story in multiple spaces, including within our own team.

Short-listing

If you have not been contacted within a week of the closing date for the job application, please assume your application has been unsuccessful on this occasion and we thank you for taking the time to fill in the application form as well as an interest in working with Beyond the Streets.
