# WE BELIEVE IN A WORLD WHERE NO CHILD IS LOST TO THE STREETS

Founded in 1996, Railway Children has dedicated over a quarter of a century to developing outstanding practice and services for street-connected children. As we embark on our new strategy to 2027, we have ambitious plans to ensure no child is left behind, wherever we work.

Every year, British Transport Police identify around 10,000 children at risk on the UK rail network. It offers young people a means to escape whatever they are running from and a place of shelter that feels safe. However, public transport can also deliver them to danger...

With strong relationships across the UK rail industry, Railway Children applies contextual safeguarding principles to make sure someone is on hand to intervene early and protect children before they come to serious harm.

Our Youth Practitioners create turning points in these young people's lives that help them on a path to a better future.

Together we can make our transport system a safe place for everyone.
